Daly City May Annex Old Colma

SCHOOL BOARD ELECTION MAY 18

Three Incumbents Up For Reelection

Up for reelection on the Jefferson Elementary School Board and the Jefferson High School Board May 18 will be one and two members respectively.

Andrew Van Der Werff is the incumbent on the Elementary Board and Thomas Gallen and Mrs. Pearl Jones are the two incumbents on the High School Board.

As yet none of the three has indicated whether or not they will seek reelection.

Claude Hanrahan, who was defeated for a spot on the High School Board last year by Mrs. Mildred McGeein, has been named as a possible candidate to oppose Van Der Werff.

There was no indication today that anyone would oppose the two members of the High School Board.

Interested candidates have until 30 days before the election to file for election.

★ Give to the RED CROSS!

Here One Minute Gone The Next

Mrs. Bonnie Nesbit, 27 Hillcrest Drive, took extra precaution Monday night to protect $280 she had in her wallet . . . she tucked the wallet under her pillow.

The next morning the wallet was still there. Mrs. Nesbit forgot it for a moment and went down the hall from her apartment to another room. A moment later she heard a door open and close.

"When I returned to my room, the money was gone from the wallet," she told police.

Police surmise in that one unguarded moment an unidentified thief lifted the cash.

Spring Festival Slated May 6

Daly City's traditional May Day festivities will be held here May 6, acting chairman Dan Andersen said today.

Only this year, the annual event will be called the "Spring Festival." This, the committee believes, is more in keeping with the event.

As last year, the festivities will feature a huge parade and a field day of entertainment at Jefferson High School.

Andersen, recently appointed to the position of city administrative officer, will give up the chairmanship of the "Spring Festival" to a still to be named citizen.

Further details will be released in THE RECORD over the coming weeks.

★ Give To The RED CROSS!

Volunteer workers were busy this week preparing the mailing of 53,000 sheets of Easter Seals to residents in the county. The Easter Seal drive starting February 22 seeks to raise funds for the aid of handicapped children in this area. Workers pictured above from left, are: Mrs. George Grigg, Mrs. Warren Schiechl, Mrs. Edgar Vogel, Mrs. Bertha Poor, Mrs. Walter Bertron, Mrs. Ben Freedenberg, Mrs. R. N. Booker and Mrs. Richard Heimann, president of the county Crippled Children's Society.

The Buffalo Did It

Extra Nickel Fare Kills Chances Of Daly City Bus Express Service

Killed by a nickel this week were Daly City's hopes of express bus line service to San Francisco.

At their meeting Monday the Public Utilities Commission turned down a blanket plan for a score of express bus lines for serving San Francisco.

The Commission said the proposed 15 cent fair for express service was too high, and the public would not pay the extra nickel.

As the matter of express service had to be considered in a "package," there is no hope that an exception will be made in the case of Daly City.

More Service

Meanwhile, aware of the acute need for bus service to the Westlake district, as well as many unserviced sections around Daly City, the city council this week took action. Mayor Paul Green said he would meet with Mayor Elmer Robinson next week to discuss the matter. Not only will he talk over the plight of Westlake transportation, but he will also approach the San Francisco mayor on possible better service within Daly City.

"If this fails, it may just be necessary for us to have a private bus line operate in Daly City," Mayor Green said. "However, this is the last resort."

★ Give to the RED CROSS!

Library Work Starts Soon

A contract for improvements of the Daly City library will be let early next week by the city, Mayor Paul Green said today.

Building Inspector George Hopman has received several bids for the job, and work is expected to start early in March.

Specific improvements will include enlarging the children's room, adding more space for books, and building an office for the assistant librarian.

"These are only stop gap measures until such time as a new and larger library can be constructed," Councilman Jim Kennedy noted.

RUBBISH DUMPERS RECEIVE WARNING

It is against the law to dump rubbish on any county property, other than authorized dumps, Judge Thomas Bocci reiterated last Thursday.

He made this clear to W. B. Long, 29 Lapedge street, San Francisco, who was fined $25 for just such an offense. Long allegedly dumped several cans of garbage on a county road near Daly City.

Daly City Day

Sportsmen Take Over S.F. Show

Now is the time for all Daly City residents to show San Francisco how to really celebrate.

The big opportunity comes Tuesday, March 6, at the Civic Auditorium Sportsman's Show.

The Daly City Rod and Gun Club has arranged, through Uncle Ed. Meidering, a Daly City Night. A huge portion of the best seats in the house will be roped off just for the people of Daly City.

On hand to welcome one and all will be Daly City's mayor. Let's really have a huge turn out and make our city known.

All Daly City Sportsmen are urged to wear club jackets, and all be sure to come and see the Rod and Gun Club fish pool. Let the children really show their folks how they can catch trout.

Boy Injures Head While At Play

Harvey Lamb, 8-year-old son of Mr. and Mrs. Lamb, 154 Winchester street, is recovering today from head injuries he received while playing last Monday.

Young Harvey was running around the Lincoln Playground Monday evening when he tripped and fell. His head struck some hard rock and began to bleed.

Taken to Junipero Serra Hospital, he was treated for abrasions and cuts on his scalp.

DEMOCRACY A LA CONCORDIA

In the interest of better city government, we would suggest someone make a study of the residents of the Concordia district.

These people, there are no more than 50 families, have demonstrated time and time again a real interest in affairs of Daly City. Hardly a meeting of the city council goes by that at least one representative of the Concordia district is not present.

It might be argued that they are present only to "protect" their own interests. This is true to a certain extent, but it in no way accounts for the presence of Concordia representatives when the council never gets near that area in business matters.

No, we believe it is more than just selfish, self interest. The people in that area, rugged individualists one and all, have a pride in demonstrating the fundamentals of democracy. They honestly desire to have a voice in the city government, and are not afraid to let the city as a whole know of their opinions.

It is too bad this spirit can not be multiplied a hundred times over. Were this the case, there would not be room in the council chambers to seat the audiences.

Yes, a study should be made of the Concordia residents. Perhaps from it some solution would come to the question: "How do you get citizens interested in exercising the rights of their heritage...democracy?"

Civilian Defense

Residents Asked To Fill Out Cards Being Mailed Out By City Of Daly City

Registration cards to be filled out by every man, woman and child in Daly City will be mailed out by the city next week.

Purpose of the cards is to give the city a quick file by which it may check residents in case of disaster.

Residents are asked to fill out the cards and mail them to city hall as soon as possible. The cards will then be filed, and give officials an index for civilian defense plans.

Fill Out Cards

"The necessity of every citizen returning these cards can not be stressed too much," Councilman Fred Bertetta said today. "These cards are for the defense of you and your family."

Meanwhile, the city reports about 90 men and women have volunteered for civilian defense work. About 110 more are needed.

Especially needed are men and women trained in first aid and Red Cross work. Also, clerical workers are in demand, as well as district wardens.

Register Now

Those interested in helping are asked to register at the office of the mayor in City Hall, Wellington Avenue.

Taking another step forward in civilian defense, the auxiliary units of both the police and fire departments are now being trained for action. Members of these units have been recruited for the most part from the various Daly City veterans' organizations.

Daly City Contractor Receives License

FEB. 22. (CNS)—Dean H. Wills, 626 San Diego avenue, Daly City, today has qualified for a contractor's license in painting, decorating and paperhanging.

The Contractors State License Board delays action ten days after which it issues the license providing no written protest has been received.

★ Give to the RED CROSS!

WHITE STREET PLAN REJECTED

Broadmoor-Westlake Road Plan Unsolved

As expected, the Jefferson Elementary School Board Wednesday night reaffirmed its stand on White street.

The board said it would never approve plans of the San Mateo County planning commission to run a connecting street between Broadmoor and Westlake near the new Garden Village School. In fact, rather than to do this, the board went on record in favor of changing around completely the building plans for a new upper Garden Village School.

Best Plans

Architect Mario Ciampi said, in his estimation, the best connecting street would be the one half way between White and the new Garden Village School. This would mean moving two homes on 87th street, but would be the most favorable for the school board's plans.

Superintendent of Schools James Snell was instructed to inform the planning commission of the board's decision.

What the next move would be in the two year long battle to get a connecting street between Broadmoor and Westlake was anyone's guess.

Cap And Gowns

The board, upon the recommendation of Mrs. William Cheatham, also made it mandatory for all graduating students to wear the traditional cap and gown. Mrs. Cheatham pointed out this was advisable as it saved parents from purchasing expensive graduating clothes.

Architect Ciampi also reported on the progress of the new schools. He said the Colma School should be completed by about March 23, and work will soon begin on the multiple use room at Woodrow Wilson School.

Morning Accident

7-Year-Old Girl Struck By Car

Struck down by a car as she dashed into the cross walk at Bank of America on Mission, 7-year-old Aline Neuman suffered head lacerations and possible concussion Wednesday morning.

Junipero Serra hospital authorities report today her condition is "good," and she will recover. Aline is the daughter of Mr. and Mrs. Neuman, 3320 San Jose Avenue.

A score of people saw the accident at 11 a.m. Aline evidently dashed into the intersection right in front of a car driven by Charles B. Whalen, 32, 26 First Avenue. The Daly City accountant told officers he wasn't aware he had hit the girl until he had dragged her down the street about 30 feet.

Police cited Whalen for striking a pedestrian in a crosswalk.

State Allocates Funds For Junipero Serra Boulevard Improvements

Allocation of $20,333 for resurfacing and channelization of Junipero Serra Boulevard from the San Francisco line to Edgemar Road in Colma, was announced today by the State Director of Public Works, C. H. Purcell.

The funds will be turned over to the San Mateo Joint Highway Project No. 10 by the State Division of Highways for completion of the project.

Channelization at the intersection of Highway No. 1 and Junipero Serra is now under way. It is expected that the resurfacing of the important road will begin within the next two to three weeks.

300 New Acres Would Be Added To Community

"Old Colma" Residents Express Interest In Move Studied By Council

Annexation of unincorporated Colma to Daly City was being considered seriously again today.

Mayor Paul Green noted this week that the city council is now studying the possibility of annexing some 300 acres just south of Daly City and north of Colma, known as "Old Colma."

"We have been approached by several people in that area who have expressed interest in joining Daly City," the mayor declared.

Interest High

Interest in annexation of this territory to Daly City has been strong for the past several years, but this is the first concrete evidence that such a step is in the offing.

The annexation would not include Broadmoor, because the residents of that area "have not expressed interest" in joining Daly City, the mayor said.

When the council has considered the possibility of annexation, the residents of "Old Colma" must present a petition requesting such action . This is in turn referred to the county board of supervisors, and then back to the city council. If all goes well, an election is held in the territory in question, and should the majority wish to join this community it would be done by vote.

The last big addition to Daly City was 312 acres of Westlake back in September, 1950. This carried the boundaries of the community to the Pacific Ocean.

★ Give to the RED CROSS!

CHURCH GROUND BREAKING SUNDAY

New Broadmoor Church To Be Erected

Ground breaking ceremonies for the new Broadmoor Community Presbyterian Church will be held this Sunday, February 25, The Rev. John Glasse announced today.

Everyone interested in the church is invited to participate, especially those residents of Broadmoor and Westlake.

This is the first step in a complete new church and recreation facilities for the members of the Community Church.

The service will be held on the south side of the chapel, 87th off Junipero Serra Boulevard, at 10:45 p.m. The service will last one hour.

Come Early

Regular church attendants should come at 10:45 instead of the usual 11:15, as the dedication ceremonies will constitute the worship service for the day.

Special music will be provided by the Ladies Quartet, consisting of Else Faust, Carol Freeland, Memory Gomez and Audrey Graf.

In addition to the regular ceremony, the building plans will be exhibited, and an explanation of the new facilities given by Fred L. Hilger, chairman of the building committee.

Among the many guest speakers will be Dr. Ronalt T. White, general prsbyter for northern California; Elder A. Wicher, church historian and stated clerk; Dr. Lester E. Eisel, business manager for San Francisco presbytery and Dr. Jack A. Long, president of the board of church extension.

And don't worry about parking space, there will be plenty.

Servicemen

Three Local Men Complete Basic

Completing training with the army and navy respectively today are three Daly City men.

They are:

Charles Harry Johnson, 286 Los Banos Avenue, who recently completed recruit training at the Naval Training Center, San Diego, and is now available for assignment to a fleet unit or to one of the Navy's schools for specialized training.

During this period of training, he underwent intensive drill in such subjects as signaling, navigation, basic ordnance and seamanship. He also was indoctrinated into the ways of the Navy and learned the customs of the service.

Pvt. William E. Kinsey, son of Mr. and Mrs. J. C. Kinsey, 463 Irvington Street, and Pvt. Frank E. McKinon, son of Mr. and Mrs. J. A. McKinon, 949 Hanover Street, were recently assigned to the Medical Replacement Training Center, a unit of Brooke Army Medical Center, Fort Sam Houston, Texas.

At Medical Replacement Training Center, commanded by Colonel Howard S. McConkie, the Army's basic training school for medical service enlisted men, the soldier learns the fundamentals of medical support of patients in hospitals and troops in the field.

Pvt. Kinsey, who received a B. A. Degree from the University of California in 1950, entered the army November 24, 1950.

Looking Backwards

Daly City's Colorful History To Be Reviewed At Tuesday Meeting

Daly City, which developed from the time the refugees of the San Francisco earthquake and fire built what were to be temporary homes on the site of the old Daly Dairy Farm, will be theme for the February 27 quarterly meeting of the San Mateo Historical Association.

The meeting will be held in the City Hall, Wellington Avenue, Daly City, beginning at 8 p.m. The public is cordially invited to attend.

Guest Speaker

County Treasurer A. H. Sagehorn will tell the story of the Broderick-Terry duel . . . a Daly City historic landmark. The duel took place in 1859 near the shore of Lake Merced, and ended dueling California.

During the recent state centennial celebration an historic plaque was erected in Daly City to commemorate this event.

"I Remember When," and exchange of reminiscences by old timers about early days in Daly City will follow this talk. Among the old timers present will be Hugh H. Smith Sr., former mayor of Daly City; Councilman A. J. Gaggero and A. J. Bodien, works superintendent.

All Invited

All persons who have memories about the early history of this region are especially invited to be present and take part in the discussion. This will be an opportunity also for the newer Daly City citizens to become acquainted with a little-known phase of our county's history.

Another highlight of the meeting is sure to be an informal discussion concerning the collection of historic items about Daly City.

"I have long urged that some type of historic society be established here," Bodien said. "This appears to be a good opportunity to do something about it."

Other guests will include Mrs. A. S. Kalenborn, president of the association, and Daly City's mayor.

Mrs. T. R. Kelley of the Carmelo Parlor of the Native Daughters of the Golden West, and her committee will act as hostesses.

Members of the Native Daughters committee will include Mesdames: Margaret Steele, Pauline Quirolo, Thelma Ferretti, Florence Becker, Emma Schwarz and Helen Meyer.

From A Corner

By Bill Katz

"Most men are idiots," a young lady informed us the other day.

This was something new. We asked for elaboration. After all, as we had taken on the opposite sex for two weeks running from this corner, we thought it only fair for them to state their views. Although these judgments appear idiotic, and certainly not grounded in scientific fact, we have the uncomfortable feeling that they are possibly true.

Loud Ties

"To begin with," our modern day Delilah noted, "men have no tastes in clothes. For example, take a neck tie. The majority of ties look like a rotten egg had spilled on a red night shirt. The colors are loud, brash and absolutely tasteless. What's worse, find me a man who has sense enough to match the color of his tie with the rest of his clothes. That's just one example, it follows through from the hat to, well. . ."

This, we observed, was hardly a fair criteria to tab all men as "idiots."

More Taste

"Now as to their tastes in other matters," she continued. "The average man picks up a newspaper, glances at the headlines, pours over the comics and memorizes the sports page. He can tell you who fought what fight a thousand years ago, but can carry on a conversation about nothing else . . . except his business which is always rotten. He may be educated, but four years in high school and college is nothing but a memory of fast women and beer."

Well, now, perhaps there was something to that.

Lions Roar

"Most men are lions among their fellow men," she raved, "but at home they have no more sense than a baby. They depend on their wives for everything from locating a shirt to boosting their egos beyond the ceiling."

No, no, no.

"Ah, but yes," she declared. "What is more, a man has a limited apreciation of things female, at least when he has them tied down with children. Suddenly his wife gets to be like a good piece of furniture . . . essential to comfort, but hardly noticable or interesting.

The Years Go

"On the other hand, as the years roll by, so does his opinion of himself increase as to his Don Juan abilities. Not that most husbands are unfaithful, they havn't the courage. But the majority are still convinced they have the looks and personality to win any young thing that comes along."

So. Well we hardly think that is true.

"Alright, so one night a week the husband breaks down and takes his wife out. What do they do? They usually go to a neighbor's where the hubby leaves the wife flat in favor of a good drink, or conversation with the host about the current baseball season. Or, if they go out, hubby can think of nothing better to talk about than the lousy service, or the price of the meal, or how bad the show is being put on."

About this time our young lady remembered a date, and left in a hurry . . . she didn't want to be late. She was meeting what she hoped would be her second husband.

Gen. Pershing PTA To Study Cancer

The General Pershing P. T. A. executive board meet the first Thursday in March, which is the 1st of March.

The following Tuesday will be the regular meeting, March 6 at 1:30 p. m. "Detecting Cancer in its Early Stages," a film shown through the courtesy of the National Cancer Society, is featured as the main portion of the program. Miss June Gross, Jefferson Elementary Schools nurse, will be the guest speaker, ready to answer your questions.

All who wish to submit questions concerning "School Health Problems" please have them ready at that time.

Annual reports are expected at this meeting. All chairmen and officers are asked to be ready with theirs. This will be a fine time for those attending to hear just a few of the numerous items handled by your P. T. A. throughout the year.

The nomination committee met in the home of Mrs. George Freeland for the purpose of selecting incoming officers for 1951-52, to be voted on at the March 6 meeting. The general membership will vote on these candidates.

Plans for the bazaar of March 16 are proceeding as scheduled. If you have something you would care to donate, please bring them to this coming regular meeting.

We are still trying to reach our goal in membership. If you have overlooked your payment of dues or would like to join, please call Mrs. John Benanti, JU 6-1873 or bring payments to next regular meeting March 6, 1:30 p. m.

Gaggero To Again Head Fair Board

Councilman A. J. Gaggero will head the San Mateo County Fair Association again this year.

The popular Daly City resident was reelected to the presidency of the fair board early this week.

Another man familiar around Daly City, George Lagomarsino, was named as advisory chairman to the board.

In addition to the election, the board approved expenditures of $8,000 to be supplied by the state, for water proofing and painting the exhibit building and another allotment for a tree planting program.

OBITUARY

Ernest Clayton

An infantryman veteran of World War II, Ernest Clayton, 23, died at the Community Hospital Saturday after a short illness.

He resided with his mother and father, Mr. and Mrs. Charles Clayton at 425 Santa Barbara Avenue.

Clayton was an accountant for the North British Casualty Insurance Co.

In addition to his parents, he is survived by a sister, Mrs. Shirley Smith and a brother, Charles Jr.

Funeral services were conducted from the W. C. Lasswell & Co. chapel Wednesday. Interment was at Golden Gate National Cemetery.

Daly City Youth Claims $10,000

Claiming $10,000 damages for alleged injuries he received while on a picnic, David John Rossi, son of Mr. and Mrs. Angelo Rossi, 20 E. Cavour, opened legal proceedings against the Portola Farms, Woodside, today.

Young Rossi asserted he was injured while on a picnic at the farms. He further asserts that the injuries have and will require medical treatment to the sum of $10,000 or more.

The plaintiff is being represented by the law offices of Thomas L. Bocci Jr., 6654 Mission street.

Machinists Honor A. J. Bodien

A. J. Bodien, Daly City works superintendent, is carrying around a solid 14 carat gold card in his pocket today.

The card is inscribed to a 50 year member from the International Association of Machinists, Lodge No. 1305. Bodien was given the card, along with a diamond studded pin, at a special dinner given in his honor by the Lodge recently.

The pin and card are given to those few members who have put in 50 years with the Lodge. They are not only honors, but also entitle the holder to free membership in the Lodge.

"I have been a good union man for 50 years, (I joined when I was very, very young)," Bodien noted today.

Purses Set For State Fair Races This Year

FEB. 22. (CNS)—Directors of the California State Fair today boosted the minimum purses for the racing meet to be held this year to $1,200.

The board also announced reappointment of Jack Glendower as running race secretary and Harry Hatch for harness racing.

Minimum purses reached a new high last year when they were raised from $900 to $1,000. The additional $200 boost was made in an effort to attract better thoroughbreds for the nine days of racing this year.

At the same time the board raised the purses for the one quarter horse race scheduled each day from $400 to $500, and left the present minimum of $800 for the two harness races scheduled daily.

The appointment of Glendower was made on the recommendation of Secretary-manager Ned Green who said the Australian had done an outstanding job last year. All doubts as to Glendower's eligibility because he was an alien has been removed, Green said, as the secretary has filed for U. S. citizenship.

The fair will have two harness, one quarter horse, and seven running races each week-day during the 11-day fair. An extra running race will be scheduled on certain days to be designated later by the management.

Red Cross

Workers Report Community Support

Swinging into action, the various Red Cross committees in Daly City and Colma this week reported that they were optimistic about reaching this year's fund quota.

Joe Lewkowitz and Mrs. Marion McKaskle, heading the Daly City drive, noted that "several hundred dollars" had already been collected toward the $2,950 goal.

Mrs. Margaret Pauline Brown, in charge of the Colma-Broadmoor campaign, also reported that business men were giving generously. The quota for this area is $2,125.

Mrs. Brown, assisted by Mesdames: Allen Mori and Richard Patey, contacted the Colma business district this week. Mrs. Brown noted her group had met with "great success."

Assisting in the Colma drive are: Mrs. Jean Sunderman and John Ferrari in Colma unincorporated; Paul VonKemps and Mrs. Weisenburger in Colma Incorporated; Garden Village Property Owners Association under the direction of Mr. and Mrs. Ralph Damon in Garden Village.

Also, Mrs. Brown thanked A. J. Gaggero for the use of his office window for a Red Cross display this week. Those who made the display possible included George Bertucci, John Detweiler and the children of the Colma School eighth grade.

Mrs. Brown said she is now arranging for a Red Cross booth at the Colma Bank of America by about March 1.

Meanwhile, in the Daly City campaign Mrs. Mary Conti was congratulated by all her fellow workers for her fine work on Los Banos and Los Olivos streets. During the past week she has worked tirelessly to collect $50. Mrs. Ida Hanley also was thanked for her collection of $34 from the city employes of Daly City.

Parents' Assn. Elects Officers For Coming Year

Holding last Friday what they hope will be a regular monthly meeting were members of the Parents' Association of Cub Pack No. 63.

This is the organization, made up of parents of the cubs, which sponsors the Cub Pack. Any cub's parents are eligible to join.

Purpose of the meeting was to elect officers, who included: Ken Attebury, president, 10 E. Lake; Tony Galli, vice-president, 167 Miriam; Mrs. H. S. Garrison, secretary, 13 Muirwood Drive; Mrs. Al Lyons, publicity, 86 Muirwood Drive.

Elected to the finance committee were: Joe Bradshaw, chairman; Harry Kordoules, John Binal and F. O. Klassen. After a treasurery report by Al Yyon, chairman of the pack committee, it became evident that more funds are needed for the pack.

Consequently, parents are urged to attend future meetings of the organization and support the cubs financially whenever possible.

Also, at the meeting a new charter was drawn up for the second year of cub scouting by the pack. Al Lyon was reelected chairman of the pack committee and Charles Hansen was chosen institutional representative.

Michael Cubic, 549 Hillside, is the new cubaster. Other new officers are Gene Davies, assistant cubmaster, and Vince Moran, treasurer.

Mrs. H. S. Garrison was welcomed as a new den mother.

The next meeting of the pack is March 2. All parents are urged to attend.

Insect Pests Not Welcome Here

FEB. 22. (CNS) — Inspectors manning border plant quarantine stations examined a total of 174,692 motor vehicles in January and intercepted 1,928 lots of insect pests dangerous to the state's great agricultural industry.

A total of 25.3 lots of plant material was examined at Truckee border station, chief entry to San Mateo County, and 171 pests were removed.

Cotton bolls from Kansas, New Mexico, Texas, Georgia and Oklahoma were found to contain the cotton boll weevil. Gardenias from Florida, Mexico, Texas and Mississippi had acuminate scale and the citrus white fly.

Gardenias from Baja, California, held palm fiorinia scale and there were pink bollworms in cotton seed from Louisiana. Soil around plants brought from New Jersey held the Japanese beetle, and corn from Massachusetts, Ohio and South Dakota held the European corn borer.

Iowa and Nebraska apples were found to have two specimens of the apple maggot.

Court St. Mary Holds Spring Initiation

One of the most beautiful initiations Court St. Marys ever staged, with 12 new neophytes initiated into the Court, was held February 15.

The ritual and officers in their colorful robes was most impressive, with the solemn pledges imparted by Grand Regent Mrs. Richard Ennis. Other officers participating in the initiation were: District Deputy of Court St. Mary, Mrs. Bernard O'Connel; Vice Regent, Mrs. Rose McNa; Prophetess, Mrs. Chas. McDougal; Lecturer, Mrs. George F. Rode; Pro-Tem, Monitor, Mrs. John W. O'Sullivan; Historian, Mrs. Christine Stephenson; Financial Secretary, Mrs. G. W. Ryann; Treasurer, Mrs. Han O. Schroeder; Sentinel, Mrs. Clara Scally, and Organist, Mrs. Fred J. Wettstein.

Color Guards and Flag Bearer, Mrs. Frank Garcia, Mrs. Wm. Whelan, Mrs. M. J. Clark; Banner Bearer and Guides, Mrs. James Kennedy, Mrs. Paul Green, and Mrs. Fred Wettstein, Jr.

With a short recess called by the Grand Regent, an interval of semi-classical music was played by the Court's Organist, Mrs. Fred J. Wettstein. A short business meeting followed.

Welcome

Grand Regent Mrs. R. J. Ennis then gave a welcom address to the Court's new Chaplain, The Rev. Wm. C. Stewart, who reciprocated in an expression of the high ideals that this National Organization of Catholic women portray.

Following Father Stewart's address, Mrs. Bernard O'Connell Dist. Deputy of Court St. Mary was called on, who responded in a welcome to the new members. This was followed by a few words from the State Secretary of C.D.A., Mrs. Milton C. Weckerle, also a member of the Court.

The grand Regent then very graciously spoke to the new members and welcomed them to the Order, hoping they would become active members.

New Members

Guest Courts in attendance were: Court Mission, Court El Camino, and Court Infant of Prague. New members were Mesdame: C. J. Norton, Helen Carolan, J. H. Vinal, Anthony Ricci, Peter Conci, Mervin J. Cresta, John L. Jordan, Hazel B. MacFarlane, Minnie F. Amos, Wilbert J. Carrington, Janet Fellman, and Geneveve Dinsmore.

The meeting was then closed with a prayer by Father Stewart, with the members retiring to the banquet hall which was beautifully done up in the seasonal valentine decor.

Delicious refreshments were served by the hospitality chairman Mrs. Edward McLaughlin and her committee, Mesdames: Frank McDermott, Joseph Powers, Richard McDonough, R. G. Pyne, and William Core. Floral arrangements in the Blue Room and banquet hall were artistically arranged by Mrs. Angela Johnson.

The next meeting of the Catholic Daughters of America, Court St. Mary No. 1155, will be March 1, Crocker Masonic Hall, 17 Hillcrest Drive, Daly City, at 8:00 p.m.

Large Tractors Banned From State Highways

FEB. 22. (CNS) — Farmers cannot legally transport tractors which are more than 96 inches in width over state highways, even for building fire trails for the state.

This opinion was handed down today by the office of Attorney General Edmund G. Brown, in response to an inquiry from the District Attorney of Santa Clara county.

★ Give To The RED CROSS!

JUST THREE WEEKS MORE TO PAY SAM

With only three weeks remaining to file 1950 Federal Income Tax returns, Collector of Internal Revenue James G. Smyth of the First California District urged all taxpayers requiring assistance in preparing returns to visit the nearest Internal Revenue Office immediately.

Deputy Collectors are on duty to aid and advise all who visit them.

For the average taxpayer there will be an approximate 5% increase in tax liability.

★ Give To The RED CROSS!

DEAR PARENTS

By Jane Keith

Last week my 16-year-old daughter brought home a young white rat, named it Miss Nosey Parker and wistfully inquired as to the possibility of getting a mate for her and raising lots of baby rats.

Our answer was "No," just plain "N-O!", but I have an uneasy feeling that Miss Nosey is not the end of the pet problem in our house.

When her tearful, pleading "Please can I have the rat at the pet shop, please?" seemed to have no effect on us, Barbara switched tactics. We heard not a mention of rats for a whole week, but jars of grasshoppers, snails—even a little garter snake suddenly appeared all over the place. Miss Nosey now lives with us and has our blessing while the jars have disappeared as quickly as they arrived—see what I mean about the pet problem?

Animal Set

Neighbors and friends all seem to have solutions or suggestions for my animal act. For the most part they follow the same pattern of pet choosing and judging used by my mother.

Mother liked cats so we were allowed to have cats. Any other bird, animal or fish according to her, had vermin, were too noisy, had too much or too little hair and beside "Don't you think I have anything to do around this house but clean up after you and your pets? Who feeds them, etc.? I do!" Sooooo we had cats and wishes at home.

Since those days I have done some investigating of pets—mostly to see how much of Mother's opinion would hold water and frankly, the cleaning up part holds almost enough water to justify keeping her complete theory. I find the old saying "like the bottom of a bird cage" is no joke and that while the fleas on cats and dogs will not bite human beings they are not averse to using them for a sidewalk. I also find my tongue is sore from biting off those fateful words "Don't you think I have anything to do around here, etc——" You see, I really want the animals to stay, it's just hard to keep it in mind all of the time.

Extra Work

Even the extra work and dirt haven't gotten me licked yet. I feel my children will learn more of real life from watching a white rat or cats or dogs or birds and goldfish than they will from Mickey Mouse and Bugs Bunny. Animals are real life and so are our children . . . and for those who say germs in dark, prophetic whispers may I add that I have had nits in my hair, impetigo, measles, plus a host of other such, all caught from other children. Seems that Health and Hygiene along with Disease and Death are not restricted to the human race alone.

Now, dear parents, how is the situation at your house?

★ Give to the RED CROSS!

Mary Puricelli Goes To Altar Sunday With Nick Elchinoff

"I do's" were exchanged recently by Miss Mary Puricelli, attractive daughter of Mr. and Mrs. Gus Puricelli, of Colma, and Nick M. Elchinoff, son of Mr. and Mrs. L. Miller-Elchinoff of San Francisco. The double ring ceremony was performed by Reverend Father Flale before the altar of the Holy Angels church at 5 o'clock in the afternoon of February 4.

For the ceremony Mary donned a white brocaded gown fashioned with a train, buttons down the front, and long pointed sleeves. Her finger-tip veil of Chantilly lace was held in place with a pearl crown. She carried a bouquet composed of white orchids mingled with stephanotis.

Preceding Mary to the altar were her three attendants, Jay Merlo, her sister, matron of honor; Dell Huston, her sister, and Claire Molloy, as bridesmaids. All were gowned in dresses styled similar to the bride's in blue brocaded satin. The girls wore matching blue skull caps and carried shower bouquets of pink carnations.

Best Man

Acting as best man was George M. Elchinoff with Mario Merlo and Bud Huston serving as ushers.

For the wedding Mrs. Puricelli chose a beige wool dress with black accessories and an orchid corsage.

Mrs. Elchinoff wore a black celanese dress trimmed with beaded pearls and an orchid corsage.

Following the ceremony a reception was held at Colombo hall where all guests gave a champagne toast to the newlyweds and enjoyed a buffet dinner.

Honeymoon

The couple honeymooned at Palm Springs, Los Angeles. At present they are making their home at 19 San Pedro Road, Colma.

Mary is a graduate of Jefferson Union High School and was employed in her parents' bakery, the Geneva Baking Co., until her marriage.

The groom attended the University of California Law school and is presently stationed at San Diego with the Naval Air Corps.

VFW Auxiliary Members Have Busy Week

The last few weeks have been busy ones for members of Lake Merced VFW Auxiliary No. 9921.

A canasta party was held February 9, and Mrs. Mary Ann Politis came up with the high score, while Mrs. Jean Proctor came in with the lowest.

Gifts for this party were donated by Carters' Men Shop in the Broadmoor shopping center.

February 14, Dorothy Heim, Anita Wods, Mary Ann Read and Hilda Stettler entertained in the womens' war of the Veterans' Hospital in Palo Alto. Mrs. Stettler was the star entertainer of the evening, as she played the accordian.

Mrs. Caroline Kelleher, as retiring treasurer, was honored February 15 at the home of Mrs. Magoon. A luncheon was given the outgoing treasurer by the members of the Auxiliary.

Attending were Mesdames: Jo Ann Dean, Rose Fisher, Dorothy Heim, Gladys Holt, Milly Krawetz, Glory Markman, Viola Murphy, Alberta Stankus, Hilda Stella, and Hazel Eagleton.

The next meeting of the Auxiliary will be Tuesday, February 27, at the Broadmoor Community Center. At that time there will be a discussion of the forming of a secret pal club.

Parents Feted By Young People

The Young People of the Grace Presbyterian Church held a turkey dinner for the members of the group and their parents recently.

Planned and given under the supervision of Sylvia and Bill Hasset, the sponsors of the group, the dinner was held at the Grace Presbyterian Church social hall at 7 p.m. Thursday, February 22.

Those on the committee in charge of preparing the dinner were Beverly Broadbent, June Prescott, DeWayne Soares, Robert Poole, Dick Kalinin.

Roberta Taylor, Jane Kennedy and Elaine Bell decorated and set the tables.

Wanda Maynard, Pat Michelsen, Jack Patton, Charles Maynard, Marguerite Constantine and Margaret Michelsen served the dinner.

Loraine Bergstrom, Norma Van Der Werf, Harold Diamond, Ronald Dixon, Jim Dowell were on the clean up committee.

Arleen Poole, Phyllis Blackburn and Norma Van Der Werf baked pies.

Lights Out Trap Car Thief

An alleged auto thief might be free today if he had remembered to turn on the lights of the stolen car.

Officers Baird and Beecher noticed the car, lights out, going down San Jose Avenue at 7:30 p.m. Wednesday. Officer Baird shouted at the driver to turn on his lights. When police noticed that the driver fumbled with the dash board, uncertain as to where the light switch was, they stopped the car.

Behind the wheel was Thomas Dixon, 1277 Geary Street, San Francico. As he was unable to produce ownership papers or a driver's license, police took him in on suspicion of auto theft. A few hours later Jun Lee, 6624 Mission, notified police that the car was his, and it had been stolen from in front of his place of business only two hours before.

Later Dixon admitted "borrowing" the car, police said. He will be arraigned before Judge W. J. Sweeney this Friday.

KILLED, OR SAVED BY A PEN STROKE

You may save your life this week, or the lives of your children...all by the stroke of a pen.

Your city government is mailing out blank postcards. The cards request you give certain vital information which will assist the city in setting up its plans for civilian defense. When filled out, the cards should be returned to City Hall.

By blanketing the whole city with these postcards, the city soon hopes to have a file listing every man, woman and child in the community. This file would be of invaluable assistance in case of an air raid, or other type of disaster.

Now, let us say you neglect to fill out the card, and at some future date an enemy pilot sees fit to drop an A-Bomb on Daly City. You and your family are buried in rubble. There is no way out, unless assisted by a civilian defense squad.

The squad goes into action. Referring to the master list of citizens, it soon ascertains how many should be dead, or alive in the zone struck by the bomb. But say your card is not there. Days later they may get around to digging you out...you and your family will be dead.

It isn't a pretty picture, but it is a probable one.

Don't hesitate to fill out those cards you receive next week. That one act can save your life.

THE RED CROSS IS INSURANCE

"Ahh, nuts. I'm tired of giving dough to drives."

That, all too often, is the reply many Red Cross drive workers are receiving from residents when they ask them for donations this year. In a way we suppose it is a legitimate complaint. There are many drives for money...so many, in fact, that there seems to be one going on every other week.

As most of us don't own the mint, it is necessary to consider to just what drives we intend to donate funds. In this consideration it is best to realize that each of these campaigns is for a good cause, but our budget is limited. Therefore, let us give to those which do the most good for the most people.

Using this as a criteria, the Red Cross stands high on the list. Over the years the symbol of the Red Cross has crisscrossed the world from the battlefields to the floodwaters of the United States. Each year the Red Cross helps millions of people in their hour of need.

As none of us know when we will have to call on the Red Cross for help, let us give now to be certain the Red Cross will be present in the future.

We think of the Red Cross as a type of insurance policy. None of us want to collect accident insurance, but most of us keep a policy...just in case. So with the Red Cross. The only difference is that a regular insurance policy is an expensive thing. A dollar to the Red Cross will give you the best disaster insurance in the world.

And remember, the Red Cross also assists in times of relative peace. Its services are available from everyone from expectant mothers to GIs thousands of miles from home.

Sure, you may be tired of giving; but a dollar to the Red Cross is worth a million dollars to you and your family.

WE WAIT FOR PINBALL ACTION

Number of lads and lassies under 18 counted playing pin ball machines in local establishments after 10 p. m. Monday: 8.

Number of High School students playing pin ball machines in another local establishment during the lunch hour Tuesday: 10.

We are still waiting. When will the city government change the pinball ordinance to outlaw "kids" from playing the machines?

When will the PTAs take an active interest in this condition?

National Archery Tournament Set Here February 25

Daly City's youthful archers will soon have an opportunity to compete in a national tournament.

February 25 the Daly City Junior Archers will enter the A.B.R. Junior Six Gold Tournament.

Any participant, under 15, may enter the four week match. Those interested must register with Frank C. Bria, director of the Daly City Boys Club, or Nick Hitchiner, assistant director.

They must register before 2 p.m. on February 25, either at the Club or at the High School football field, where the match will be held. All participants will be divided into teams of four.

They will shoot 54 arrows per week, or 9 ends of six arrows each. The rules for the shoot will be posted in all Daly City parks.

All participants must obey safety rules of archery and follow instructions of officials who will be: Frank Bria, Nick Hitchiner and Roy Huntsman.

There will be many individual prizes given by the National Archery Association. Participants may come as a team or single.

This shoot is being put on by the Daly City Recreation Department and the Daly City Boys Club.

So come, bring your bows and arrows. Even if you never shot them before, we'll teach you how. Let's put Daly City on the archery map.

Parents are invited to view the match. The shoot will begin promptly at 2 p.m. No late comers will be accepted.

ATOMIC BOMB LIFE SAVERS

What specific things should I remember in connection with my household?

There are five keys to household safety.

1. Strive for fireproof housekeeping. Don't let trash pile up. Keep waste paper in covered containers. When an alert sounds, shut off your utilities just as if you were going out of the house for the day.

2. Know your own home, particularly the safest part of your cellar, if you have one, or whatever other part of the house provides best protection.

3. Close windows and doors. Draw blinds. If time allows, when alert sounds close the house as tight as possible. This will keep out sparks, reduce entrance of radioactive dusts, and lessen chance of being cut by flying glass. And keep house closed until advised than danger has passed.

4. Store emergency equipment and supplies. These should include a good flashlight with extra batteries, first aid equipment and canned goods.

5. Use telephone only for true emergencies. Needless use will seriously tie up the lines.

★ Give To The RED CROSS!

A Week Of State

What Went On Here Last Week

The Governor spent the week in the University of California hospital in San Francisco, under treatment for neuralgia in his arm and shoulder.

The Legislature: Still in legislative recess with Senators and assemblymen for the most part on their home grounds discussing legislative measures with constituents. Senator George Hatfield's special committee on civilian defense started a series of meetings in Southern California to determine the needs of communities in this respect; Senator McCarty of Marin county was sceduled to hold meetings on Golden Gate Bridge problems. Other interim committee meetings are being held throughout the state to give individuals and organizations opportunity to express views on the problems the legislature will face when it returns here March 12.

The Departments: Water Resources says reservoirs are well filled throughout the Sierra, but the snow pack is far below normal; the state architect set March 8 as completion date for the new state capitol addition, after which time contractors will pay $500 per day for non-completion; 1950 automobile registration hit an all-time high with 4,976,296 vehicles; Agriculture said California turkey growers can look for more favorable returns this year; industrial employment in the state reached the highest January level in history with 3,295,000 persons working; second annual meeting of state and regional water pollution boards scheduled Feb. 20; state fair directors boosted minimum running race purses from $1,000 to $1,200.

Miscellaneous: Gambling operating wide open in Jackson, Amador county, with establishments running black-jack, roulette and dice games. The town reopened shortly after new attorney general Edmund G. "Pat" Brown took office from ex-Fred N. Howser.

Building Exemption Explained To Vets

Any eligible veteran who, prior to October 12, 1950, had acquired a building lot with the intention of building his home on it, may be exempt from the credit restrictions imposed on that date for GI loan purposes, Veterans Administration said today.

In such cases the veteran must meet all of the following three conditions:

1. The lot must have been acquired, or a purchase contract executed, prior to October 12, 1950.

2. There must be evidence that, as of the above date, he actually intended to build the home. Hiring of an architect to draft plans, negotiations with a contractor to build, and similar evidence is acceptable.

3. He must certify that imposition of the restrictions would work a hardship upon him.

Such loans, however, remain subject to the milder credit curbs placed in effect July 19, 1950. These require a down payment of at least five per cent of construction cost, including value of the lot. Cost to the veteran in acquiring the lot may be considered part of the down payment.

In addition, any recognized construction cost increases above July 1, 1950, levels must be paid in cash.

The exemption remains effective until April 18, 1951.

★ Give to the RED CROSS!

Disaster Relief Plan Urged For Daly City Area

Rapid development of "workable disaster relief plans"—such as evacuation of injured in bombed areas—is being called for by Maj. Gen. Walter M. Robertson, State Director of Civil Defense.

The urgency was cited by General Robertson in a bulletin to all civil defense coordinators, mayors and chairmen of boards of supervisors.

"To deal with a disaster of the proportions for which we must prepare requires state-wide community organization and mobilization on a scale never before attempted in this country," General Robertson said.

"We must proceed rapidly to develop workable disaster relief plans, refining them as we gain experiece and knowledge."

Uniform Planning

General Robertson urged uniformity in planning and organization to "facilitate mutual aid and support in integrating operations plans on a regional and statewide basis for prompt action" during an emergency.

Four points emphasized in the bulletin are evacuation of affected areas; provision for food, shelter and clothing on a mass care basis; individualized emergency welfare and rehabilitative services and registration of evacuees and answering inquiries about them.

In seeking speed in developing local programs, General Robertson pointed out that such plans are equally applicable to deal with atomic attack and other forms of enemy action as well as natural causes which might necessitate disaster relief on a large scale.

Good Targets

"Major population centers of California can be expected to be targets of any enemy atomic attack," he said. "Local authorities in metropolitan areas should complete surveys to determine their potential in meeting the needs of their own population at the earliest posible date. Once deficits of critical areas are determined it will be easier to set forth the extent of the function of support areas."

General Robertson indicated that maximum utilization of existing agencies is essential. In most areas the functions of mass feeding, shelter and clothing can be assigned directly to the local Red Cross chapters.

Temporary Aid

"Such functions as resettlement of persons and families, temporary rehabilitation for employment, institutional care of children and aged, financial relief, recreational and other group services are all within the scope of public welfare department activities and would be applicable in event of any type of disaster, regardless of its cause," General Robertson said.

"It is of vital importance that all local communities proceed without delay to develop their own plans in comformity with the over-all state plan for evacuation and welfare services."

★ Give to the RED CROSS!

County Lacks Funds For Butano Park Purchase

FEB. 22. (CNS)—Appraisals of Mt. Madonna Park and San Mateo County Memorial Park add up to insufficient money for the county's share of the purchase of Butano Forrest for a state park.

This was announced today by officials of the State Division of Beaches and Parks as they prepared to bring the appraisals before the State Park Commission when it meets Friday and Saturday in San Francisco.

The appraisal results, division officials said, mean one of two things—either a reappraisal would bring the value up to the amount needed, or the county would be required to contribute more money or property toward the Butano project.

The officials, however, doubted that a reappraisal would increase the value of the two properties offered by San Mateo county as matching donations, in an amount sufficient to meet the need.

A third alternative would be for the state to acquire less than the 1,680 acres now proposed as the Butano Park.

Division officials, in line with a long standing policy, would not announce the amount of the appraisals made of the Mt. Madonna and San Mateo Memorial Park properties. The stated these could not be made public until acquisition, if any, has been completed.

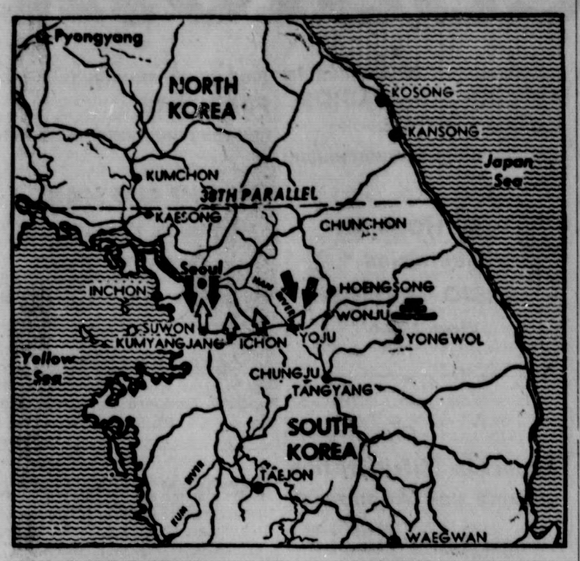
WEEKLY NEWS ANALYSIS

Eisenhower Reports Europe Will Defend Self Against Communism; Price Control Weaknesses Named

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)



United Nations forces continued a slow advance northward against North Korean and Chinese forces with units of U.N. troops within a short distance of Seoul. Most of the activity was in the west below the capital of South Korea. There were reports of disease among Communist troops and numerous casualties.

EUROPE:

The Picture Clears

Gen. Dwight Eisenhower, a man who commands the respect of more Americans today than any other, cleared the fog from the European picture in his recent report to congress on his whirlwind tour of the democratic nations.

Since the United States made it clear that the defense of western Europe was of first importance and that we intended to build a united front against communism, the average American has been beset with doubts and fears. The outstanding doubt, fed by the constant bickering and disagreements of national leaders, was that western Europe did not have the will and determination to build a defense; that perhaps the greatest share of the burden would fall upon the United States.

Eisenhower, however, cleared the picture. He told the lawmakers again and again there has been a great rejuvenation of spirit in Soviet-shadowed Europe. To some his report sounded like a new battle cry for freedom.

There was another note of hope in his message. American troops are needed abroad, but American arms are needed more. America's allies in the North Atlantic treaty are ready to take their part and "we are going to build for ourselves a secure wall of peace."

It was understandable that the success of Eisenhower's tour can be attributed largely to the faith western Europe has in the general as a man and a leader.

CONTROLS:

Disagreeable Second Look

It was generally agreed that the great majority of the American people were in favor of wage and price controls. After a second look at the ones recently enacted, the average American was not too happy. In fact, a good many of them were shocked and angry.

The main worry of the people in the home towns of the nation was the price of food. A second look at the new price law revealed that many foods could jump five to 200 per cent in price without running afoul of the law.

Potatoes, for instance, could advance 80 per cent before reaching the "magic figure." Butter and milk could go 10 per cent higher, chickens 25 per cent, eggs 21 per cent, turkeys 12 per cent, oranges 200 per cent, lemons 30 per cent, and apples 30 per cent. Prices could even go higher on bread and baked goods.

On top of this the government began to ease its wage freeze in some industries, notably the coal industry.

The people on main street were beginning to ask themselves if the legislators were playing them for suckers. They were reminding themselves that in a democracy what is good for one group is good for another.

The answer to the wage-price situation is not simple. But a quick re-examination of the situation is mandatory.

Commander

Gen. Dwight D. Eisenhower, European supreme commander, reporting to the nation on his three-week defense tour of Europe, told the American people "we are going to build for ourselves a secure wall of peace." The general's report renewed American confidence that the free nations can eventually defeat any Communist attack.

TAXES:

An Ambitious Program

The size of Secretary of the Treasury Snyder's proposed tax program to pay for the defense program caused gasps of surprise from businessmen throughout the nation.

Snyder called the program "rather rugged" and added it was the government's first step in a plan to get at least 16.5 billion dollars more revenue. The plan called for 20 per cent more income taxes from the little fellow, increases in corporate income taxes, and greatly increased levies on new automobiles, liquor, beer, cigarettes, radios, refrigerators, and many other consumer items.

To put it mildly, it was an ambitious tax program. It did not appear that congress would act quickly in the matter, although the administration requested speed. Also, the most optimistic administration planners did not think the program would be adopted without considerable revision and possible slashes.

Of the total, $3.6 billion would be contributed by individual income tax payers. As an example of how the new tax would work in the lower income groups, a married person with two dependents and a net income of $3,000 now pays $120 federal tax, or 4 per cent of his income. The proposed rates would increase his tax liability to $144, or 4.8 per cent of his income.

It sounds small when you speak of a rate rise from 4 to 4.8 per cent. But if you look at the tax figures alone, a jump from $120 to $144 is a 20 per cent increase and presents another picture.

Among other proposed taxes, automobiles would be subject to 20 per cent instead of 10, radios, television sets, and various other electrical household appliances would be taxed 25 per cent instead of 10.

WORLD RELIEF

Church Group Launches Relief Plan

Nineteen major Protestant and Orthodox church groups, representing virtually all of the Protestantism in America, recently formed the National Council of Churches of Christ in America.

Two weeks ago the newly formed council inaugurated its first major service project—a nationwide appeal for funds for overseas relief, reconstruction and service to refugees and displaced persons through the world. The project began Sunday, February 11, but the period of emphasis will be through Easter Sunday, March 25.

Funds collected will be used for the relief of the 50 to 70 million persons who are war refugees today, and for the re-location of some 30 million displaced persons of World War II.

BUDGET:

Battle Lines Form

When the question of money, whether it be the budget or taxation, is raised in congress there always develops a bitter battle. Now the lines are being formed in the 82nd congress over President Truman's $71.6 billion budget and his $16.5 billion tax program.

When the President's budget was first announced there was some opposition, but not the kind that indicated major conflict among the legislators. The situation changed radically, however, when the chief executive proposed a quick $10 billion tax bill to be followed by another $6.5 billion bill within a short time.

As soon as the tax program was announced, the legislators began their demands for cuts in the budget. The demands were not being made along party lines. Democrats joined the Republicans.

The conflict centered around aid to education, health insurance and the Brannan plan. To these, critics say slashes could be made in nondefense public works and army civil-function projects such as flood control, and in the regular civilian government agencies.

Before any budget and tax program is adopted the public can expect a bitter battle in congress. But no matter how much the legislators dislike the idea, it was also apparent that a tremendous budget must be adopted and some kind of pay-as-you-go method found to finance it.

KOREA:

U.N. Drives Northward

United Nations forces in Korea continued a slow and cautious drive northward toward the 38th parallel. The drive developed after limited probing attacks failed to find Communist troops in great concentration.

There were indications of increased Red resistance as U.N. forces neared Seoul, but in what strength was not revealed.

There was considerable optimism over the U.N. advance, but no one could say what would happen if and when the 38th parallel was reached. Rumors persisted that the U.N. armies would not go beyond that point.

The lack of stiff Communist resistance and counter-attacks was a mystery that caused considerable worry among U.N. commanders. It gave credence to reports that Communist armies has suffered heavy casualties from disease and cold.

The U.S. defense department reported 136,000 North Koreans captured in fighting since the war began. The department claimed 9,000 Communist casualties since the present U.N. offensive started.

LABOR:

A Complete Overhaul

It had long been apparent that labor and management relations in the rail industry needed a complete overhaul. The fact was highlighted by the unauthorized walkout of switchmen in scattered rail lines across the nation, which seriously threatened the country's defense effort and thoroughly muddled travel and mail service.

The "sick call" strike tightened the squeeze on the nation's economy. At one time during the walkout more than 250,000 industrial workers were made idle by blockage of rail transport.

Appeals by Charles E. Wilson, federal mobilization director, and W. P. Kennedy, president of the Brotherhood of Railroad Trainmen, sent thousands back to work, but did not eliminate the possibility of future labor disputes in the industry.

An all-important fact remained, a complete and final settlement of all questions between labor and management in the rail industry was mandatory if the nation's vital defense effort is to go forward during the next few years. It has dragged out too long.

U.N. Victory

Foreign minister of the Republic of Korea, Col. Ben. C. Limb, (left) and American delegate to the United Nations, Warren Austin, congratulate each other after the United Nations labelled Red China guilty of aggression in Korea.

ARMY:

Infantry to Europe

The army was reported planning to send the fourth infantry division to Germany to reinforce the new Atlantic pact army and the air force to assign more jet fighter-bombers to Europe.

The move was expected to be made as soon as congress approved an anticipated resolution voicing support for Truman's much-assailed plan to assign more U.S. ground forces to Europe.

KATHLEEN NORRIS

Petty Grudges

"MY WIFE does a lot to make us all happy, but she's as darned unhappy herself," writes a husband from a Colorado farm. "Daisy is 37," his letter goes on, "and she is devoted to me and our five kids. But I honestly don't think she has another friend in the world.

"She suspects everyone, distrusts everyone, and criticizes everyone. She has had quarrels with practically every woman in our town. This one said something mean about her when they were in high school; that one didn't come to see her when she had her first baby, and the third rented the house she and I looked at when we wanted to live in town one winter. Someone else borrowed a book and never returned it, and still another criticized Daisy for giving our girls permanents while they were in grade school. One of her oldest friends hasn't spoken to Daisy for years because she sent Daisy a Christmas present, and Daisy found a card sent to this friend from another woman, inside. Daisy never forgave her.

Has Never Forgiven

"Her family and mine would be glad to make much of our children, especially the girls, who are now 16 and 14. But my wife has never forgiven my mother for something Ma said to a friend when I was first married, to the effect that she didn't believe Daisy wanted children. With my sisters Daisy says she has nothing in common. And with her own only relative, a married brother, she has not been on speaking terms since his wife gave a party on the night we were giving a party.

"... has had quarrels ..."

"Now, the tragedy is," George Ingalls' letter continues, "that Daisy really hasn't any idea things are this way. She is so devoted a wife and mother she can't see that she is cutting our girls off from all the pleasures natural to their ages, by ruling that they never can enter certain houses and that she doesn't want them to be friendly with this family and that.

"This means constant arguments and disappointments for the girls. Their mother tells them that they will have plenty of friends and good times as the years go on, but that she simply will not forgive old slights and prejudices. One of my sisters has boys a few years older than my girls; she is generous, resents nothing and forgives everything, and she wants our Sheila and Donna to join their cousins for all sorts of good times. My wife forbids it. We could have fine parties of our own out here on the farm, for ours is a grand old house and there is a good deal to amuse kids, but the same reasons hold here, too.

"Can you suggest some argument or course that will solve this problem and give my girls a chance to live somewhat freer lives? They are both loving, natural girls who laugh off their mother's worries and suspicions. But they naturally can't accept invitations against her will. And gradually it has been dawning on them that it is not in one case or two, but that her dislikes embrace practically our entire social group. What can I do?"

Wrong Moral Training

Your wife, George, didn't have the right moral training when she was young. She may have had schooling, dancing, riding, tennis, languages. But she hasn't been taught to forgive. She hasn't been told to be humble, to put herself and her little petty pride and vanity and sensitiveness aside; to wipe the slate gloriously clean of old hurts and grudges every little while and start fresh.

No, she has nursed her precious little grudges, injuries, her slights and snubs, the forgetfulness of her friends, their innocent mistakes or hasty comments. If your mother said Daisy didn't want children, 16 years ago, the mere fact of having five lovely children doesn't heal the hurt in Daisy's pitiful little narrow heart. She has reveled in her ineffectual little revenges, which have hurt only herself, and you and her children, and never have reached their real target at all.

Of the good times she has missed, the happy summer camping and the holiday parties, the pride she might have felt in showing her children to old neighbors and friends, Daisy will never know. She is too deeply wrapped in her own righteous indignation.

Hers is a very extreme case of a common trouble. Lots of women nurse one or two grievances all their lives; rarely does anyone make quite so thorough a job of it as Daisy does. What they all needed was a good mother or father.

"RECORD" REMINISCENCE

NEWS ITEMS APPEARING IN THE RECORD 10 YEARS AGO

February 19, 1941

Lionism got off to a good start in Daly City last week when 50 local business men and women and civic leaders met to hold an organization meeting for the new service club.

What will become of our ghosts? There are no vacant houses to haunt in Daly City any more.

Georgette Braunagel won first place in the Jefferson High School Lincoln essay contest. Eleanor Saliou, Verna Moresco and Inez Chelone walked off with the honors for the elementary schools.

With 175 average for 54 games, G. Garibaldi of Universal Press, topped the 9:30 division, Merchants League, individual bowlers after 18 weeks of competition.

Balboa invaded the Jefferson gym Tuesday for a return engagement, and again defeated both local teams. Playing on the Jeff varsity were John Razzari, Briseno, Ruppert, Faulk and Cacci. Other players were Capps, Dyer, Poddig and Sharp.

Out of approximately 650 students at Jefferson High School this week, 10 were chosen to represent the school on the radio program "Live and Let Live." They are: Thelma Silvera, Bud Fellows, Isabelle Smith, Kenneth Fellows, Marian Nelson, Don Thomason, Elizabeth Blassman, Bob Grimes, Ruthetta Lampa and Lawrence Christensen.

Wilfred Franklin, Daly City, and Leona Dellos, San Francisco, were recently issued a marriage license in San Francisco.

★ Give To The RED CROSS!

Cooper Asserts He Likes Music

Last week The Record ran a story that Carter Cooper, 130 Winchester, objected to his neighbors' children playing the drums.

"Not so," says Cooper, who moved into the neighborhood two months ago. "I don't mind the music at all."

In the interest of good relations between neighbors The Record wishes to apologize to Cooper and his neighbor. We are sure they are the best of friends, and will remain so.

Eagles Auxiliary Members Honor Their President

Initiation of candidates was the principal business of the Colma Vista Grande Auxiliary, FOE, meeting last Tuesday evening, February 13.

Just before the meeting closed President Lorene Gardiner was presented with a beautiful orchid by Vice-President Albert Diebel and officers and members.

After the closing prayer the Auxiliary went to the banquet table to enjoy delicious refreshments, and "Oh" and "Ah" over the deluge of beautiful presents from members to the President on her birthday. (She, truly, was the Auxiliary Valentine).

Mrs. Gardiner was radiant in her surprise and happiness, commented: "Just like being Queen For A Day, what with gifts ranging from an over night case to jewelry."

Table decorations in the Valentine theme were the motif of the evening, with a huge birthday cake as the main centerpiece. Arrangements and decorations were by Edrie Summers and Alberta Diebel.

The new initiates included Mesdames: Mary Smallen, Gertrude Hattings, June Dillon and Anna Hern.

Mrs. Ednah Mona was hospitality chairman, assisted by Marie Claussen, Mildred Kalinin, Helen Sievers, Elayne Wright and Bernice Long.

The next meeting is scheduled for Tuesday, February 27 at 8:30 p.m.

DONALD RYAN JOINS NAVY

Donald George Ryan, son of Mr. and Mrs. George Ryan of 670 Hanover street, has enlisted in the Navy through the Navy Recruiting Station, Post Office Building, San Mateo, recently, it was announced today by Chief Walter H. Hallfarth, San Mateo Recruiter.

Donald is a graduate of Jefferson Union High School and has been attending City College of San Francisco. This is his first enlistment in the Armed Services and he will receive his Navy Recruit Training at the Naval Training Center, San Diego.

TALK OF THE TOWN

By DIANE DALY

With daffodils poking their heads out of fresh green spears, you can bet that Spring is really here. The ensuing weeks will be a round of 4-F's to the families in our town. Food and Fashions, will take up milady's time, what with the current Lenten season followed by the Easter parade. The men, (God Bless 'em) will be Front yard "fixing"—or fishing, depending on their hobby, and probably all of them in a FEVER over their income taxes. Well, that's the scene for Spring.

On the Food Front, an ever so subtle note of austerity will begin to be seen. . . . The baked hams and prime roasts of beef, which are a favorite of hostesses, for the Easter Sunday Dinner, will be smaller, indeed may be supplanted entirely. Combination dishes, casseroles and salads, with of course the traditional Hot-Cross buns and deviled eggs, will be a more expansive, but less expensive fare.

An all over look at the Fashion picture discloses that the new clothes, for the first time in many years, are at once feminine, and flattering, and yet happily moderate, with no exaggerated features, "The costume look" is very important, and both suits and coats and dress ensembles are synchronized with matching accessories. Even the "tailored suit" which is a bay area classic, will this year be seen with softly rounded jackets and cuffs on the sleeves. Coats too, will have cuffs, some quite large. The newest colors are subtle tints of blue, running the gamut of shades to a deep orchid.

★

Eleanor Meitz, who is chairman of the Fashion Show, (sponsored by James Snell PTA) reports that much progress has been made, and reservations are coming in rapidly for the big event March 10. Casual clothes will be modeled entirely by PTA members, and some children as well. Exclusives from Leslie's, Alex de May and Jane Andre' will be displayed, while the junior fashions will come from Kaye's and Kiddieville in West Portal.

All models will be "made up" by Jean Maguire, expert cosmetologist of the Merle Norman Studio in Lakeside. Gloria Johns will be in charge of the tea and refreshments arrangements, with Emily Hager taking care of decorative effects. An extremely capable commentator in the person of Mrs. L. E. Pennington, of San Jose, will add greatly to the success of this venture.

★

NEW PREXY:

At a recent meeting of the Ladies Auxiliary, Co. No. 2, DCFD, held at Parkview Headquarters, Mrs. Sam Valentino handed over the gavel to the newly elected president, Mrs. David Cafferata.

ENTERTAINING:

On the occasion of her birthday and thirteenth wedding anniversary, Mr. and Mrs. Raymond Brown, 25 Parmar St., entertained some ten couples, in celebration of the double event.

★

HEART WARMING:

The sweet sentiment of St. Valentine's Day will be remembered for a long time by patients of Villa Sanatorium. On that day, last week, Mrs. E. Arthur Beber's Girl Scout Troop No. 26, accompanied by Mrs. Edward Goldkuhl, trudged over to the hospital for the aged. There they left some seventy beautifully decorated Valentine placemats, that DID brighten the dinner trays, and brought a bit of cheer and festivity to many who thought they were "forgotten."

★

CONVALESCENTS:

Mrs. Arthur Heyden, who is well known as Program chairman of the Eagles, and Publicity Director of the Catholic Daughter, wil be confined to her home for another several weeks. Recent victim of the "virus malady," she was taken to French Hospital, where a heart condition was found, which will necessitate complete rest.

St. Lukes Hospital was the unwilling destination of Public Health nurse, Mrs. Eugene Brinkley, who no doubt took too much for granted, and wound up as a patient. She is home again, at 123 East Vista.

Mrs. Leona Denton, taken to Oakland's Providence Hospital, for a respiratory ailment, is greatly improved and is resting at the home of her daubhter, Mrs. W. L. Berthold, 1747 Sweetwood Drive, Broadmoor.

In Colma, Mrs. Frank Garibaldi was also stricken and required hospitalization. She is reportedly doing fine.

★

ON STAGE:

With the twelfth season of S.F. Civic Light opera, premiering next month, and Musi-comedy Kiss Me Kate, selling out all performances, local thespians are not being outdone. "Family Circle," a three act comedy, will be presented at Jeff. Auditorium Feb. 28-Mar. 1 and Mar. 2 and wil be directed by Miss E. Seaton. The cast is led by Beverly Bendinelli, who takes the part of Cornelia, and is supported by Mary Lou Morris in the role of Mrs. Skinner, and Ronald Quint as Mr. Skinner. Presented in novel "penthouse style," this will be worth getting tickets early for—It'll be a sell-out!

Players of the Dramatic Club of Jobs Daughters Bethel 198, distinguished themselves, recently, when they presented a "pantomine Melodrammer, titled, "And The Lamp Went Out"—Peggy Hoff played the lead, as the heroine, and Elaine Duckering was the "villain." Carol Clayholt was a convincing "mother of the heroine." The "hero" was a bemustached Marilyn Carrick. Marilyn Marshall attained smooth continuity as reader-narrator, and the "sound effects and props man" was none other than Joane Stocks.

Even the Girl Scouts have the fever. Understand that Girl Scout Troop No. 19 gave a play at the Community Center in Colma, Monday afternoon, but cannot report on the leading lady at present.

★

SOCIAL:

Mrs. H. K. Miller, 164 East Vista, was hostess at a social to honor Mrs. Glen Whipkey, Mrs. Willard Hodge, and Mrs. Hodge's mother, Mrs. Brite. Since these aforementioned ladies are taking up residence in Redwood City, the party was in effect an "au revoir." Specially prepared refreshments included cream cheese and frosted "pullman" sandwiches, while the "piece de resistance" was a fruit basket glace, made entirely from ice cream. Assisting Mrs. Miller were Mrs. Harry Grimes and Mrs. Henry Adami.

★

Oddly at variance with the Valentine decor, were the group of junior cowboys who were invited guests of young Russell Budde, 10 Muirwood Drive, on the occasion of his seventh birthday, last week. Hamburgers, pickles, potato chips, besides the birthday cake and ice cream were polished off in a banquet the kids won't forget for a long while.

★

St. Elizabeths Church in San Francisco, was the scene of the Sunday afternoon, all white wedding of Rita Winant and Stanley Tanner. Given in marriage by her father, Joseph Winant, the bride was very lovely in a white point venise lace gown, simply styled in princess lines, and featuring a full bouffant skirt. Her French illusion veil cascaded from a Juliet cap of seed pearls, and she carried white orchids.

Acting as her sister's Maid of Honor, Claire Winant, and the bridesmaid, Ruth Obermann, wore identical frocks of diaphanous white tulle, with very full skirts. They wore tiaras fashioned of baby Anthurium, and carried matching flowers. Best man duties were performed by Lee Reine. A reception, following the ceremony, was held at the Masonic Hall, San Jose Ave. Two hundred guests were served from an ample buffet, centered with a large tiered cake. Honeymoon plans remained undisclosed, but the couple will reside in San Francisco.

★

TEENER TWOSOMES:

Joyce Owenby and Larry Hansen, are being seen around, keeping consistent company——

Ronald Fox and "Dixie" Schultheis, popular juniors, finding schoolwork a little easier comparing notes—

Stan Tornek, buying sodas for and squiring (Dancer) Norma Urcuyo—

Kathy Johnson and Leroy Paul, finding lots to talk about at Jack Wilson's going away party—

★

STORK-DATING:

The Peter Marcoviches hope to present their third child to its grandmother, Mrs. Lloyd Reincke, when she is expected to arrive from Schuyler, Nebraska, soon. Its a toss-up however who will arrive first, the stork-or-grandma!

★

ANOTHER DOELGER YACHT:

Resplendant in a white spectator sport ensemble, and wearing a lei of baby orchids for luck, attractive Mrs. Henry Doelger, swung the champagne bottle, as a climax to the christening ritual, and officially named their newly-built yacht, "The Westlake." The affair took place at the Stevens Boat Yard, in Stockton. Acting as emcee, was Tommy Harris, who introduced many local officials, among whom were Mayor Paul Green of Daly City, Elmer Robinson, mayor of San Francisco, George Reilly of Board of Equalization, and the respective mayors of Stockton and Palo Alto. Henry Doelger himself, proved to be a very pleasing speaker, and following the ceremonies, cocktails and a buffet luncheon were served to three hundred guests.

Theatre A La Round

"Family Circle" To Be Presented At Jeff High In New Type Theatre

"In The Round" is the type of theatre to be used for the production of "Family Circle" to be presented March 1 and 2 at Jefferson High School.

Miss Seaton, director, has chosen this type of production because the play is very light comedy, and the intimacy of an audience sitting on all four sides of the acting area adds to the humor of the situation.

This theatre has been very popular with west coast audiences as evidence by the tremendous success of the Penthouse Theatre in Seattle and the Civic Theatre in Los Angeles.

Good Comedy

The play itself is a rollicking comedy about Cornelia Otis Skinner, one of America's most brilliant present day actress's of the legitimate stage, and about her problems as a young lady of 18. To convince her parents she should be allowed to go on the stage she "acts" all over the house. All of this to evidently no avail, until her father makes life rosy again with a surprise.

In the all High School cast Beverly Bendinelli will play the part of Cornelia. Mary Lous Morris and Ronald Quint will portray her mother and father. Her best friend, Mab, will be played by Jenice Sproule and members of the dramatic committee will be played by Nella Bacon, Shirley McIntyre and Jo Ann Gordchn.

The part of Cornelia's heart throb, Charlie, will be taken by Bob Kalinin and the other boys, William, Henry and Gordon will be played by Don Benando, Avico Gregori and Gary Larson. Joan deVore will take the part of Abby, the Skinners' bewildered maid.

"Family Circle" will be presented two nights, March 1 and 2, at 8:15 p.m., in the Jefferson High School auditorium. Because the seating capacity is limited to 200, it is advisable to get tickets as early as possible from McGraw Bros. Drug Store or from the High School.

THIRD MEMBER JOINS PERATA FAMILY MON.

Weighing in at 6 pounds, 8 ounces Stephen William joined Mr. and Mrs. Nicholas Perata, 764 Eighty-seventh street, February 19.

Young Stephen won't be alone in the family. Already around are Michael, 4, and Patricia, 2.

Mr. and Mrs. Anthony Perata are the proud patrnal grandparents, and Mr. and Mrs. Arthur Barr of Fairfax are the maternal grandparents.

Newsman Tells His Own Success Story

Throughout the years there have been numerous success stories of how this man or that man started from nothing and finally achieved prosperity. But the best of all success stories is where a man in a run-down condition finally gets to where he feels wonderful again. William Bogard, newspaper reporter in Sulphur Springs, Texas, has such a story to tell. Yes, now that Mr. Bogard is taking HADACOL, he says, "I wish I could tell my story to every man and woman in the country who is now suffering as I was suffering." Mr. Bogard was suffering a deficiency of Vitamins B1, B2, Niacin and Iron, which HADACOL contains.

Wm. Bogard

Here is Mr. Bogard's own statemen telling how HADACOL helped him:

"Two years ago, at age 40, I was convinced that nothing remained for me in life. The most encouraging words I ever heard were: 'Maybe you will get straightened out after a while.' The only thing that really mattered to me was how I felt and the fact that my apparent decline had brought my many dreams and aspirations in total ruins before my feet.

"I heard and read many stories and testimonials concerning HADACOL, but, unfortunately for me, I didn't take any of them seriously. I considered these testimonials to be from fictitious people with imaginary ills who talked solely for money. How wrong I was! In spite of my wariness, I decided to give HADACOL a try. I took great care that no one knew I was taking it because I feared their ridicule.

"I took three bottles of HADACOL before I began to 'feel' its effects. After that, my progress was steady and sure. My appetite picked up. I not only ate at meal time, which I had not been doing before, but I enjoyed in-between-meal snacks of delicacies which I had long since forgotten.

"I wish I could tell my story to every man and woman in the country who is suffering as I was suffering; I wish I could let them know and make them believe that what I say is all truth and none fiction."

Remember HADACOL is sold on a strict money-back guarantee. And so inexpensive. Trial-size bottle only $1.25. Large family or hospital size, $3.50. If your druggist does not have HADACOL, order direct from The LeBlanc Corporation, Lafayette, La

© 1951, The LeBlanc Corporation

Nerve center of P.G. and E. is this giant control board in Oakland where Larry Lafrenz, with P.G. and E. 36 years, guides the flow of over 4 million horsepower. When trouble strikes, Larry's board tells him instantly. By telephone he can cut in or out any power source in the whole system so that repairs can be quickly made and power kept steadily flowing.

Meet P. G. and E.'s

storm fighters

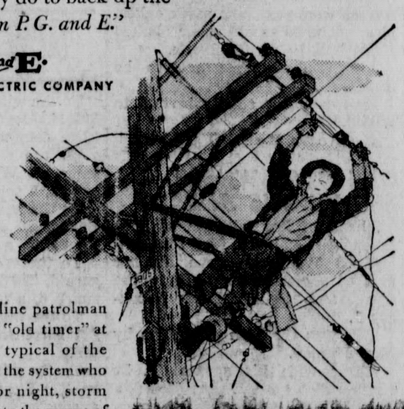
When snow chokes the canyons, rain floods the valleys and wind howls through the cities, P. G. and E. people go on a 24-hour alert to guard your heat and light. That's quite a job: 55,500 miles of power lines to check, 13,500 miles of gas pipe to watch, to say nothing of the home and factory installations of 2½ million customers who live in an area of 89,000 square miles. Now we'd like to have you meet some of our *storm fighters* and learn of some of the things they do to back up the motto: *"You can depend on P. G. and E."*

Meet George Kritsky, who operates one of the 150 P. G. and E. mobile radio units. By means of these radio units installed in service trucks and cars, P. G. and E. men can maintain instant, direct two-way communication with their headquarters. Thus repairs are often made with no loss of service.

Lewis Kinchelce and his helper, Bob Webster, are "hot line" men in our San Joaquin Power Division. They work on lines carrying as high as 220,000 volts. It takes 620 trained linemen to maintain P. G. and E.'s 55,500 miles of power lines.

P·G·and·E·

PACIFIC GAS AND ELECTRIC COMPANY



Ernest Smith, line patrolman of Concord, an "old timer" at P. G. and E., is typical of the men throughout the system who are ready, day or night, storm or snow, to rush to the source of trouble.

17th District CCPT Meet

Elman Rose Receives California Life Membership For Work In Recreation

A light-stepping dance and mellow song highlighted the "Light and Mellow" theme chosen for the annual Founders Day ceremonies of Seventeenth District California Congress of Parents and Teachers in Burlingame Methodist church on Thursday, February 15.

Mrs. Faun Tuska of Burlingame was program chairman, and Mrs. G. J. Sirex of San Carlos, president, conducted the business session.

Mrs. Harvey S. Dye of Whittier, sixth vice-president and home service director of the C. C. P. T., particularly stressed that the basic objects have remained the same for the fifty-four years of National P-T.

Speech Topic

She spoke on the ideals of Parent-Teacher work then and now, and concluded her comparison of 1897 to 1951 with the "Child's Plea—"train me that I may be a blessing to the whole world'."

Past presidents who responded to the humerous and affectionate introductions of Mrs. Tuska were the Mesdames Wm. J. Hayes of Burlingame, past State president; L. G. Owen of Redwood City, first District president, whose Irish jig won her hearty applause; J. R. Spann of San Bruno, who conceived the honorary life membership emblem; B. D. Ralston of Woodside, present third vice-president in the C.C.P.T.; George Bruns of Burlingame; Stella L. Jensen of Colma, L. G. Evans, M. G. Strohmeier, and J. M. Foley, all of San Mateo.

Three awards for California honorary life memberships were made by Mrs. Roland K. Aberorombie to outstanding men and woman of San Mateo county, who have made important contributions to P.T.A. and the community.

Rose Awarded

Oak leaf emblems were presented to Mrs. Lockwood Marshall of San Mateo, officer in 1926 and member of longest record attending the meeting; to **Elman Rose** of Jefferson Union High school, mathematics teacher, who in addition to teaching serves as recreation leader in the Daly City area; and to Seth Cohn of San Mateo, a former district chairman, whose special interest is in the 54 young men at San Mateo Junior College taking the electrical workers' apprentice course.

Advisory board members and former life membership honorees introduced included John S. Cowgill of San Carlos, Miss Clara B. Dills of Redwood City, who distributed home reading book lists, Stanford Hannah of Daly City, Miss Ruth Melendy of San Carlos, Charles S. Morris of San Mateo, Mrs. L. G. Owen, Stanley O. Schnepple of East Palo Alto, Max Thornton of Redwood City, George V. White of Burlingame, Mrs. Fred Stumbles of San Mateo, Mrs. Tuska, Mrs. W. H. Kimball of Burlingame, and Mrs. Winnie Lucas of Millbrae, who thanked the district for voting kitchen equipment to the new El Portal school in south San Mateo.

Campership

A campership to "Enchanted Hills" summer recreation camp in Napa county for blind youngsters, was voted for the second year. Suggestion that PTA families join in a count-wide day of prayer for peace in the world was adopted and is to be observed on Thursday, April 5.

Executive recommendations were accepted to purchase special awards, a guest book, and suitable cases for procedure materials of the district president, treasurer, and publications chairman.

Membership figures were given by Mrs. Richard A. Andresen of San Mateo. In 1927 there were 1,658 members and up to February 15, 1951, there are 19,650—350 short of the 20,000 goal.

Members elected to a district nominating committee for all sections of the county were the Mesdames J. B. Mills of San Bruno, Erwin Schmidt of Daly City, B. A. Painchaud of Bayshore, Flora Steele of Pescadero, Edward A. Grens of Burlingame, J. M. Foley of San Mateo, and Arne Hersom of Belmont. Nominations will be reported to the annual meeting which will be held on the fifth Thursday, March 29, in the San Carlos Central school.

Association Founders Day gifts fro PTA extension were given at unit roll call, and Mrs. Roy N. Cloud Jr. of Redwood City gave a schedule and invitation for the Health Workshop to be held at Lawrence school in San Mateo from 9:45 a.m. to 2 p.m. on Friday, March 2. Mrs. E. J. Foley of Burlingame requested that any unsold tickets for the "Overstreet Colloquy" be returned as soon as possible, as there are no remaining tickets.

Violet corsages were given the honor guests, and hospitality was arranged by Mrs. L. M. Hill of Daly City. Decorations were sugar plum treets with PTA seals and blue bows, and blue and gold crepe runners on the luncheon tables were laid by Mrs. Charles Bersinger of San Carlos, art chairman.

CATHOLICS MEET FOR DISCUSSION

Business Firms Close Part Of Good Friday

FEB. 22.—More than a hundred representatives of Catholic Churches, associations, sodalities and societies of the San Francisco Archdiocese attended the initial meeting of the Reverent Observance of Good Friday, held last Monday in San Francisco.

The organization, under the leadership of Thomas F. Duffy, president, made extensive plans for a more widespread closing of business firms to permit employees to observe the holy hours of noon and 3:00 p.m. during the Three Hours of the Crucifixion on Good Friday, March 23.

Honorary Chaplain

Archbishop John J. Mitty appointed Reverend James M. Murray, assistant director, Catholic Social Service, as chaplain of the Reverend Observance of Good Friday committee. Monsignor Richard Collins, co-founder of the Movement and for 40 years chaplain of the group, has been elevated to honorary chaplain.

Stanislaus Riley, local attorney who founded Reverend Observance of Good Friday in 1910 with the cooperation of other laymen, presented an optimistic report on the spread of Good Friday observances to other U. S. cities. He said that San Francisco, birthplace of the Reverend Observance of Good Friday Movement, is providing other cities with necessary blueprint material to map their own observance of the Sacred Three Hours. These, he added, were New York, Boston, Worcester, Mass., Washing, D. C., Philadelphia, St. Louis, New Orleans, Portland, Ore., Seattle, Honolulu, plus a number of Pacific Coast cities.

Committee Adds

Added to the executive committee of the 1951 board of directors were the following San Franciscans; Thomas W. McCarthy, secretary, Fire Commission; John J. Goodwin, City Treasurer, and Mrs. John J. Ryan. Mrs. John J. Murray, member of the executive committee, presented a scroll she received from Pope Pius at the Vatican during the Holy Pilgrimage to Rome last year. His Holiness extolled and blessed the Reverend Observance of Good Friday Movement.

Ready for immediate distribution are some 25,000 closing cards which are to be placed in all places of business prior to Good Friday. The window cards read: "This Place Of Business Wll Be Closed On Good Friday Between The Hours Of Noon And 3:00 P.M." In San Francisco, cards will be distributed by volunteer members of the Young Men's Institute under the direction of Gerald I. Murphy, Grand President of the Organization. Other Catholic associations and sodalities will aid.

Business firms requiring closing cards may secure sufficient quantities by applying to Young Men's Institute, 50 Oak Street, here. The phone numbers are Market 1-4260 and Market 1-4948. Cards will be delivered out-of-town via mail or locally by special messenger.

SOCIETY

Mrs. Erma Spry Honored At Shower

Last Saturday evening, February 17, eighteen friends gathered at the home of Gloria Chalmers, 150 Crocker Avenue, for a surprise baby shower in honor of Mrs. Erma Spry.

Many beautiful gifts were received by the guest of honor.

Cocktails were served in the early course of the evening, and later guests were seated at a beautifully appointed table in the dining room. There, they partook of many delicious dishes, plus the usual baby shower cake which was cut and passed by the mother-to-be.

Guests included: Elsie Duncan, Dorothy Coliman, Elio Matysik, Connie LaBruzzo, Georgia Chalmers, Angel Sarris, Mary Fife, Angel Chalmers, Katherine Sarris, Laura Coleman, Bety Bowman, Dorothy Spry, Millie Leaky, Shirley Walker, Edra Trotter and Gloria Anorad.

Some interesting and humorous recordings were made of the event.

Colma PTA Meets At Center March 6

The Colma PTA executive board meeting was held Tuesday, February 20, at 1:30 p.m. at the Colma Community Center.

Stella L. Jensen, Mrs. Edward J. Dennis and Mrs. Jerdan Hopper, president, attended the Founders Day meeting of the 17th District.

March March 12 on your calendar. It is the 17th District sectional meeting. All members are welcome.

On Tuesday, February 13, at the home of Mrs. Dale J. Stookey, the Sewing Ladies gathered to sew and work on the afghan and have a Valentine party. Those who attended were Mesdames: Alan F. Mori, J. Detweiler, J. Clayton, George Bertucci, A. Tuvo, L. Stanghellini, A. Taylor, Wm. Hutchings, Edw. J. Dennis, H. Kern, J. D. Hopper, M. Pauline Brown. Guests were Mrs. Richardson and Mrs. Elizabeth Kuhn and Hostess Mrs. D. J. Stokey.

Wednesday, February 14, at the Thornton School, the Honorary Life Membership committee held a hot dog sale for the children. Mesdames: Stanghellini, Roy Foster, L. Benedetti, H. Leavitt, H. Kern, H. Dennis, J. D. Hopper were in charge. Even though Mrs. William Chessman was not able to be there as chairman of the committee she has done a lot to make it possible. With the co-operation of Mrs. Colwell and the homemaking teacher Mrs. Mayor and the other teachers at Thornton, we realized a successful sale.

March 6 at the Colma Community Center will be the general meeting. We wish to have all the chairman's reports in, please. March meeting is the election of the officers.

Conference On Marriage Given In SF March 18

FEB. 22. — Plans are nearing completion for a Spring Pre-Cana Conference to be conducted by the Young Christian Workers of St. Boniface Parish under the supervision of the Franciscan Padres of the Golden Gate avenue Catholic church.

On Palm Sunday, March 18, at Riordan High School Auditorium, Phelan Avenue and Judson Street, some 300 couples will gather for the purpose ascertaining how happiness in marriage may be achieved. The all-day conference, commencing at 9:00 a.m., is primarily designed to instruct those about to take nuptial vows and recently married young couples some of the secrets of achieving the happiness they have a right to expect.

Many Handicaps

Reverend Harold Moran, O.F.M., moderator of the Pre-Cana Conference and chaplain of the Young Christian Workers, said the Franciscans, sponsors of the YCW meeting, have long recognized the unequal handicaps today facing young people contemplating matrimony. He said the Franciscan Order assumes a portion of the social obligation owing young people about to marry. Through the medium of pre-marital knowledge, intelligent planning and freedom of fear, matrimony can be approached with every prospect of reasonable success rather than delusion and disappointment, Father Moran said.

Theme of the conference, "Happiness in Marriage Through Understanding and Knowledge of Its Problems and Joys" will be expounded by a panel of experienced speakers on the subject of successful marriage. These include Dr. Charles C. Mohun, physician and psychologist, who will advance a doctor's theories on the medical aspect of marriage; Mr. and Mrs. Michael Cowley, Atherton (Calif), parents of six children who will expound a mother's and father's viewpoint and Reverend Moran who will lecture from the standpoint of a priest who has devoted much study to this important social problem.

Committee

The Pre-Cana committee is composed of Dwaine Perry and Audrey Lukasevig, co-Chairmen, assigned by Alfred Stromberg and Claudia Burgett, members of the Young Christian Workers.

Pre-Cana Conferences are restricted to young people who want to get married whether or not they are formally engaged. Recently married young couples are also invited. If a couple cannot attend together, they are invited to take part singly. Reservations and further information can be obtained by addressing a postcard to Pre-Cana, St. Boniface Church, 133 Golden Gate Avenue or 'phoning Klondyke 2-3838.

The conferences are named for the Marriage Feast of Cana, one of the most beautiful and widely known Biblical tales wherein Christ performs his first public miracle by turning water into wine that the little bride of Cana and her young groom can consummate their wedding.

Native Daughters To Honor State Head

Genevieve Parlor No. 132 and James Lick Parlor No. 220, Native Daughters, will honor the state grand president this Friday, February 23.

The meeting will be held at 414 Mason Street, and President Anne T. Schiebusch of Los Angeles will be present.

Kathleen LaGrave will act as chairman and Jaredna Johnsen will preside.

★ Give to the RED CROSS!

NEW ARRIVALS

To the wife of Melvin F. Dubins, 110 N. Mayfair Avenue, February 12, a daughter.

To the wife of James B. Mcleone, 43 Werner Avenue, February 11, a son.

To the wife of Forrest Sheppard Baker, 80 Los Olivos, February 12, twins, a son and daughter.

To the wife of Forrest R. Fitzgerald, 559 D Street, Colma, February 6, a daughter.

To the wife of Dion M. Grahame, 281 First Avenue, February 12, a son.

To the wife of Philip C. Thuener, 229 First Avenue, February 7, a son.

To the wife of John G. Mattle, 635 McArthur Drive, February 13, a son.

To the wife of Louis Martins, Box 1737, Colma, February 9 ,a daughter.

Jewish Center Holds Open House

Open House at the Jewish Community Center, California and Presidio, will continue through Tuesday, February 27. A Free Guest Past to all activities through that date is available upon request.

Highlight of the Open House Program on Monday, February 26 will be Cecil B. DeMille's "Land of Liberty." This full length film on the story of America is told in scenes from 112 feature films and newsreels. Starring in the film are Bette Davis, Claudette Colbert, Robert Montgomery, Margaret Sullivan and Henry Fonda. The film will be shown at 8:15 p.m.

On Tuesday, February 27, the Open House program will include a talk by Augustin C. Keane on "Trends in the U.N.—1951." Mr. Keane, attorney, was formerly with the League of Nations Association.

The Free Guest Pass includes admission to swimming, gymnasium, folk dancing, games rooms, and all activities going on at the Jewish Community Center through February 27. For further information, phone FI. 6-6049.

Local Woman Suffers Heart Attack While Shopping Friday

Recovering from a heart attack today is Mrs. Edith Barnes, 171 Willits.

Mrs. Barnes suffered the attack while shopping in a local market Friday afternoon.

Police were called, and she was rushed to Junipero Serra Hospital in an ambulance. She was treated at the hospital, and returned home a few hours later.

Ladies Auxiliary Enjoys Day Out

Taking a vacation from housework, members of the Ladies Auxiliary Co. No. 1, DCFD, stepped out on Valentine's Day.

The women started the day by attending the show, "Kiss Me Kate."

They later dined at the Fairmont Hotel, and spent a pleasant evening conversing.

Mesdames who spent the day away from the kitchen stove were: Emil Bertelli, Allen Brush, William Brush, Frank Specht, Gordon King, Dean Wood and Bert Meritt.

Two Local Women Win Costume Contest Prizes

A Daly City woman and Colma housewife walked off with the prizes for best costumes at a recent costume ball held by the Grand Lodge Marconi Nest.

The winners are: Mrs. Vic Cristoni, 60 E. Cavour, for the best costume; Mrs. Joseph Messina rt. 1, box 25, for the funniest.

Both women wish to thank their many friends for bestowing these honors upon them.

Whist Slated March 5 At Masonic Temple

Whist players will have an opportunity to play their favorite game March 5.

On that day, at the Masonic Temple, 17 Hillcrest Drive, at 8 p.m. the Crocker Chapter of the Order of Eastern Star will hold a whist.

Mrs. Leah White will act as chairman, with all 1951 officers assisting.

The public is cordially invited to attend.

DRAMATIZE YOUR WINDOWS

By ANNE GARY—ANS Features

Attractive treatment makes windows focal point of your room. Easy-to-sew draw-type curtains can be stitched up like these in a soft, sheer material to offset trim, tailored venetian blinds. The fabric shown here is "Golden Mist" by Goodall.

You can dramatize single windows, or groups of windows in your home, by combining draw-type curtains in a filmy, sheer fabric with venetian blinds. For windows with wall panel in between, use the draw curtains either open or closed.

Since this type of curtain is not only attractive, but one of the easiest to make, here are some tips on curtain making from the experts at your local Singer Sewing Center, to help you *sew* and *save* and *accomplish a "picture book" effect.*

When buying material remember that sheer soft fabrics should be gracefully full. The general rule is to allow twice width of windows for curtains. Fabric shown comes in 50 in. width. Others come in 36 in. and 72 in. widths. Measure from bottom of curtain row to top of sill; add 2-inch allowance *each* for hem, casing, heading and shrinkage (if fabric isn't shrink-proof). Add 1 inch for turning in raw edges. Thus for a 72-inch window you would have 81 inches in each curtain.

For French or Cartridge pleats, allow 3 times depth of heading. Using a strip of crinoline for stiffening in the heading, turn hem a second time to encase crinoline so it won't show.

Press fabric *before* cutting to remove middle crease which does not always run straight, making cutting difficult. Be sure warp and woof of fabric are straight. (Pull a thread across one cut edge to guide you.) Also, it's wise to cut off selvage edges. This prevents curtain from bagging after it's hung for a while.

RECIPE FOR RELAXATION

Tea, according to Mrs. Hoyle, is the key to relaxation. Spring Byington, who plays the title role in the Monogram Picture "According To Mrs. Hoyle," serves advice along with tea to her young friends and co-actors, Harry Lauter, Brett King and Tanis Chandler. "I like tea," she says. "It relaxes me when I'm under pressure." Americans today, in homes, in schools and in business life ARE "under pressure," and more and more are finding out what Mrs. Hoyle already knows—that refreshing tea with meals and between times too is a beverage that will pick you up without keying you up. For the younger set, Tanis Chandler suggests you add a teaspoon of Vermont maple syrup and a twist of lemon to each cup of perfectly brewed tea. Called "Tea Vermont Style," this beverage adds a real festive touch to any occasion. Remember—"To make good tea, the steps are three: (1) Have the water for your tea boiling, boiling merrrily! (2) Tea bag or teaspoon, it matters not, one for each cup and one for the pot. (3) Don't skimp the time in which you brew it. Three minutes or more—no less will do it!" See "According To Mrs. Hoyle" at your local theatre soon, and celebrate National Turn To Tea Week, January 22nd to the 28th by joining famous Americans who have turned to tea.

Here Is a Beautiful Bride's Cake Easy To Make with White Cake Mix

Photo courtesy Swans Down Instant Cake Mix

If there's going to be a wedding at your house or if you want to delight one of your friends who's going to be married, here's an idea: make a bride's cake of white cake mix.

It's a lovely cake, quick, easy and beautiful. And inexpensive, too. Just figure it out for yourself—three packages of Instant Cake Mix, three and a half cups of milk, and sugar and egg whites for frosting. It cuts into pieces enough for 25 or 30 people, downy light and delicious, a bride-cake masterpiece.

After you've frosted the cake smoothly, you can decorate it with flutings and curlicues put on with a pastry tube, and for extra trimming add a few little birds or flowers sold for cake decorating. Practice with the pastry tube by squirting a sample of your fluting on a piece of waxed paper. You can scrape up the practice frosting and put it back in the tube to use again, so no waste is involved in perfecting your technique.

WEDDING CAKE
(Two-tiered oblong cake for 25 to 30 people)

Preparations. Line 13x9x2-inch pan and 9x9x2-inch pan on bottoms with paper. Start oven for moderate heat (350°F.).

3 packages Swans Down Instant Cake Mix
3½ cups milk

Combine contents of two packages Swans Down Instant Cake Mix in mixing bowl. Add 1 cup milk. Blend, then beat 2 minutes. Add 1½ cups milk. Blend, then beat 1 minute longer.

Pour batter into prepared 13x9x2-inch pan. Bake in moderate oven (350°F.) 55 minutes, or until done. Remove from oven and increase oven heat to 375°F. Cool cake in pan 10 minutes, then turn out on cake rack to finish cooling.

Place contents of third package of Swans Down Instant Cake Mix in mixing bowl. Add ½ cup milk. Blend, then beat 2 minutes. Add ⅔ cup milk. Blend, then beat 1 minute longer.

Pour batter into prepared 9x9x2-inch pan. Bake in moderate oven (375°F.) 30 minutes, or until done. Cool.

Frosting. Prepare seven-minute frosting, using 2 egg whites. Then place the large cake on an attractive oblong serving plate or tray. Spread top and sides of cake with frosting. Trim the 9x9x2-inch cake to measure 9x7x2-inches by cutting a 1-inch slice from opposite sides of the cake. Place on top of the frosted layer, centering evenly. Prepare another batch of seven-minute frosting and spread on top and sides of small cake, reserving some for decorating. With a knife, go over entire cake, making a smooth flat surface for decorating.

Decorating. Using a pastry bag or decorating tube, decorate frosted cake as desired with the reserved frosting. Place wedding bell or other suitable ornament in center of top layer, if desired.

Boston Baked Beans Served With Molasses Distinction

Come Saturday night, many a New England household sits to a repast of appetizing, molasses-sweetened baked beans plus brown bread. Since to savor these two foods is to pass the word along, enjoyment of them has spread across the country. The molasses called for in the baked bean dish is unsulphured... the sweet, aromatic kind New Englanders have been using since colonial days.

Here are the steps to make a savory baked bean dish for the family. The canned brown bread may be sliced and served hot or cold.

Baked Beans
(Quick Method)

4 cups (2 lbs.) dried beans
Cold water
1 large onion
4 teaspoons salt
⅔ cup unsulphured molasses
¼ teaspoon pepper
2 teaspoons dry mustard
2 tablespoons Worcestershire sauce
½ pound salt pork

Wash beans. Cover generously with cold water; soak overnight. Add onion, salt, and if necessary, additional water to cover beans; bring to boiling point in covered saucepan. Remove onion; reserve. Simmer beans until tender. Drain; save 3 cups bean liquid (add additional water to make 3 cups, if necessary). Mix bean liquid with molasses, pepper, mustard, and Worcestershire sauce. Turn beans, onion, and salt pork into large casserole or bean pot. Add liquid mixture. Cover. Bake in moderately slow oven (325°F.) 1¾ hours. Uncover. Lift pork to top of beans; bake 20 to 25 minutes to brown pork. YIELD: 16 servings.

Old Fashioned Baked Beans

Simmer beans only until beans are half done (skins break). Bake in slow oven (300°F.) 6 to 8 hours.

VILLAGE NOTES

BROADMOOR, GARDEN VILLAGE, COLMA
by
Mrs. Mark Swoverland
PLaza 5-4158

He, there, the village has been as busy as a bee this week so we won't waste any time getting to the news from my little note book.

* * *

87th STREET

One cub meeting in the village was quite a special occasion. Den Mother Mrs. Marion Spry and cub scout Ricky Gomez celebrated their birthdays together at the meeting last Tuesday. Attending were Jed Cyr, Barry Benner, Rodday Chisholm, David Chrisholm, Don Branstetter, Billie Spry and den chiefs, Wayne Flansburg and Edward Dennis.

A luncheon was given in honor of Robbin Kelleher by the ladies of the Lake Merced auxiliary of the VFW at the home of Mrs. Laurence Magoon. All those who know the Kellehers will be sorry to hear that they are moving from the village.

Bruce Spry was 6 years old Wednesday and celebrated with a dinner and television party. Included among the young guests were Buddy Hess, Johnny Hess, Ken Magoon, Matt and Jerry Dorn and Billy Spry.

* * *

BEECHWOOD

A baby boy, was born Saturday night to the S. J. O'Briens at the Stanford hospital. Newcomer, Stephen James O'Brien III weighed in at 9 lbs.

* * *

MIDWAY

Sorry to hear that Mrs. Ruth Skoversky is home ill. Hope she will be feeling better soon.

Mr. and Mrs. Steve Walter celebrated their 4th anniversary on Valentine's day. Nice day for a wedding.

Mr. and Mrs. Carlos Mattson spent last weekend skiing at Soda Springs.

* * *

FOOTHILL

Miss Lauren Yearsley was hostess Tuesday night, February 13, to a bridal shower honoring Miss Gloria Zakarian, whose wedding took place the following Sunday. Attending were Shirley Condrott, Charlotte Jaques, Ann Rixon, Ann Yearsley and Mrs. Zakarian, the bride's mother.

* * *

WILDWOOD

A neighborhood canasta party was held Friday night at the home of Mrs. Doris Menary. Attending were Mesdames Irene Parks, Marion Polites, Amy Arjula, Pearl Harris and Betty Hart.

* * *

WASHINGTON

Congratulations to George and Mary Torre on their brand new baby boy born February 3 at the St. Francis hospital. Little Marshall John Torre weighed 8 lbs. 13 ounces.

* * *

SWEETWOOD

Another birth! Word has been received about the birth of Carl L. Hanson II on February 12. The Carl Hansons used to live on Sweetwood Drive.

* * *

STEWART ST.

Little Billy Mario Rizzo celebrated his first birthday last week. Those attending were Rozanna and Andy Aiello, Michael, Carl and David Aiello of San Jose, Phyllis and Eleanor Bomio, Jean and Toni Aiello of San Jose, Johnny Rizzo, Prudy and Mike Rizzo. Also attending were parents of the group.

* * *

GARDEN VILLAGE

Happy Birthday to Dorothy Manis!

* * *

HERE AND THERE

The second annual Cubs' Father-Son dinner was held by Pack 84 at the Colma Community Center on Thursday, February 15. More fun, we hear tell. So long for now.

HAPPY BIRTHDAY!

Harry, the "happy baker" wishes the following local residents the best of everything on their coming birthdays:

February 25: Bill Hillegan, 149 School Street; J. Callan, 196 Werner Avenue; James B. McLoone, 43 Werner Avenue.

February 28: Clara Giusti, 110 School; William Reynolds, 169 Mateo Avenue.

March 2: A. Bennadrin, rt. 1, box 136, Colma; Don Stilwell, rt. 1, box 220, Colma; Melvin G. Hanson, 407 Santa Barbara.

★ **Give To The RED CROSS!**

Founders' Day Program Planned

James Snell PTA will mark Founders' Day next Wednesday, February 28, it was announced today.

The program will get underway at 8 p.m. at the Broadmoor Community Center.

Guest speaker for the evening will be Mrs. G. L. Beanston, 17th District CCPPT official. She will speak on "From These Beginnings."

This will be followed by a candle light program.

The public is cordially invited to attend.

★ **Give to the RED CROSS!**

Why Go To Reno? . . . CNS Reporter Claims Jackson Has "Legalized" Games

By HENRY C. MacARTHUR
Capitol News Service

FEB. 22. (CNS) — The bat-wing doors are swinging again in Jackson, Amador County, the fabulous "Little Reno" of California.

Gambling is wide open to the public-at-large and no questions are asked of an individual, man or woman, when money is laid out for roulette wheel chips, black-jack or the round silver dollars stacked high on the crap tables.

On Sunday night, February 11, half a dozen establishments on Jackson's main street were operating openly, without look-outs of any kind and with no peep-holes in the gaming rooms.

Old Stall

Even the old stall that "I'm a friend of Joe's isn't necessary in this Amador town, anyone could enter the gambling rooms and lose as much money as he chose on the green felt tables.

According to information received in the Amador city, Jackson has been "open for about a month."

It was closed tight last April, and had been closed intermittently for the past four years.

The re-opening is co-incident with the change of administration in the attorney general's office.

Closed Town

It was on January 8 that Edmund G. "Pat" Brown, San Francisco Democrat, took over the office from defeated Republican candidate Frederick N. Howser, Los Angeles, who was reported to have closed the town. And according to the reports in Jackson, it was on approximately January 8 that the gambling houses removed the cloth covers from roulette wheels, dusted off the chips, broke out some new decks of cards, oiled up the bat-wing doors and readied themselves for business.

For in Jackson, gambling is a business. There are no houses devoted exclusively to roulette, cards and dice—the gambling is conducted usually in a room alongside the bar or restaurant, with the swinging doors the only separation from the public.

Whole Family

In fact, in one of the establishments, entire families, father, mother and the children, were eating dinner not five feet from the gaming room where the clink of chips on the roulette table vied for noise with the rattling of knives, forks and dishes.

To understand the casual attitude citizens of the community take concerning the operation of the gaming rooms, it is necessary to go a long way back in California history.

Early History

Jackson since the days of '49, has been primarily a mining and lumbering community. It is off the beaten track of transcontinental highways, and has operated gambling establishments since the early days of the state when gambling was legal. Further, it has usually been zealous in operating its owns affairs without outside interference.

Its citizens resent intrusion of state officials into its affairs, and when not bothered by the state, gambling continues as it did in the early days of the community with no interference from the local gendarmes.

Civic Leader Urges All Read Atomic Pamphlet

"Survival Under Atomic Attack"—an ofifcial pamphlet distributed by the Office of Civil Defense of the State of California, is vital reading matter for every man, woman and child and its contents should be fully digested.

That thought was stressed Tuesday, February 13, by Supervisor Edward McDonald, San Mateo County civilian defense leader and head of the peninsula's city and county Civil Defense Board.

Avoid Panic

"Avoid panic in the grim work of preparing for an emergency that might arise out of atomic bombing of our homeland—but by all means be prepared to meet such a disaster if it comes our way," urged Supervisor McDonald in addressing a capacity crowd of interested peninsula club-women at a meeting of the San Mateo County Council of Republican Women. The meeting was held at the Benjamin Franklin hotel in San Mateo.

The civilian defense pamphlet, said Supervisor McDonald, was an interesting and condensed book of instructions on how to survive through an atom bomb raid.

Booklet Reading

"The booklet is available without cost at all civil defense stations in the county. It's a must on your reading list because it is instructive as well as constructive," said Supervisor McDonald.

The meeting was presided over by Mrs. Annette Alexander, organization president. Other council business was: (1) First reading of new council bi-laws (2) Introduction of new members: Mrs. Elizabeth Pierce, Mrs. Rose Crews of San Carlos; Mrs. Curtiss Dodge and Mrs. J. E. McCann of San Mateo; and Mrs. Saeger Pike of Burlingame.

Reading of bi-laws was given by Mrs. E. L. Richardson of San Mateo. Council bi-laws committee is comprised of Mrs. E. L. Richardson, Mrs. Bessie Hayes and Mrs. John Vickerson.

Acting on the refreshment committee were Mrs. L. B. Sterling, Mrs. Helen Rebele, Mrs. E. L. Richardson and Mrs. Eleanor Larke, all of San Mateo.

BAYSHORE VISITACION VALLEY

By Bernice Hendryx JUniper 4-6449

Our drive to obtain blood donations for the armed forces will take place on Wednesday, February 28, from 10 a.m. to 6 p.m. The mobile unit will be at the Visitacion Valley Community Center, at 66 Raymond Ave.

The Campfire Girls are working hard to fulfill the need for the 100 pledges that are necessary to obtain a blood-mobile unit for any district. It is true that with the people of Visitacion Valley taking part in this drive, the whole burden does not fall on Bayshore. However, there was a definite and concerted effort made to get the blood-mobile unit to come into Bayshore for this drive.

The fact of the matter boils down to this. The people contacted at the blood bank felt that Bayshore was a very small community, and that we should take part in a drive with someone else. No argument to the contrary had any effect. As a result, there are many of us who feel that we should have our own 100 pledges. If we can get them for this drive, we will have an opening wedge to a possible blood-mobile unit as a regular service in Bayshore.

Big Problem

The problem of finding 100 people that are able to give blood at this time is a large one. Nearly every other family in our Community is ill. As a result, many who would ordinarily donate, are unable to do so. Unfortunately, this is not a sound argument to present as a reason for lack of donors.

Any of you who feel that there is any possibility of being able to pledge for this drive, please call me, at JU. 4-6449, or call Mrs. Throne, at JU. 4-2984. The restrictions are few, and when you go to the mobile unit, you are checked to see whether you are physically able to donate. It doesn't take long, and transportation will be provided for any of you that wish it.

In other words, please fellas, give us and the service men a hand to do a job that needs doing. Honest, you'll never miss it. It's only your life's blood.

Sells Song

Mildred Dalie is planning another trip to Hollywood, to discuss sale of one of her songs. She has sold one to the powers that be, and things look promising on this one. Good luck Mildred, on this one, and all the ones to come.

Sympathy

Our sympathy goes out to Rachel Higgins, one of our favorite residents in Bayshore. Rachel's mother, Mrs. Catherine Rieger, of Portland, Oregon, passed away last week of a brain hemmorage. Rachel is up there now, leaving her family, including her brand new baby, in the hands of daddy. We expect her back in a day or two.

Had a fire in our district the other day. The blaze started in one of the sheds of the Mars Metal Co., where they were dismantling airplane motors. The company estimated damage at $1,000.00.

The serivce Sunday morning at the Baptist church will be "The Fellowship of Sharing." The evening topic will be "Desirable Work."

Wednesday evening, February 28, there will be a special missionary film shown at the church, showing work in South America, particularly Brazil. Come on down, all you South America enthusiasts.

There will be a meeting of the Mr. and Mrs. Club this Saturday night, at the Administration Bldg., in the Naval Project.

Clothes Drive

The old clothes drive, sponsored by the Bayshore PTA will start this Monday. Have your old rags and cast off clothing ready for the youngsters when they come to the door. The drive will terminate March 2.

There will be a PTA Study Group meeting on Wednesday, February 28, at 2 p.m., in the School Auditorium. The topic will be "Speaking and Writing." All parents should plan to attend. You are also asked to send to the school, any question you would like answered at this meeting, and have them in the mail before Tuesday, February 27. Address them to the Bayshore Elementary School Office. It is not necessary to put your name on the questions if you do not wish to.

YUBA CITY

Yuba City, located in Sutter County in the heart of the greatest peach-growing and peach-canning area in the world, is reported by the National Automobile Club to have been founded in 1849 on the site of an ancient Indian village.

An historical pageant of Marin County pioneer days is held annually in October at San Rafael.

Advertising An Investment Toward The Perpetual Growth of Profitable Business

MOVING MOUNTAINS

The modern business world is beginning to believe that there may exist a sound basis for a literal interpretation of the old promise that "By Faith Shall Ye Move Mountains."

It has brought its notice, example after example of remarkable achievements which were the direct results of faith.

The man or woman who succeeds in business are the ones who have faith . . . faith in themselves, in their products or services and in their own power of attaining success.

Faith implies persistency and patience. The man who feels sure he will finally reach his goal will not be impatient if his first or second, or even his third or fourth effort does not bring overwhelmingly great results. He knows that he will win if he keeps on trying.

The merchant who has faith in the merchandise or product he sells does not doubt his own ability to convince the public of that faith and sincerity. He will unconsciously incorporate his own enthusiasm into his advertisements. His advertising messages will be forceful, and they will be frequent. Firm in the belief that he can if he will, win over for a customer, everyone who is able to make use of his merchandise or product, he will not cease until he has accomplished his purpose.

This same business man will recognize in thought and in deed the power of constant reiteration. He will advertise frequently in the medium which will bring him the quickest and surest results. He will undoubtedly select just such a newspaper for an advertising medium as you are reading at the very moment, because he realizes such an advertising medium has the good-will reader interest of the greatest number of people whom he wishes to reach in this territory.

Many local business organizations are taking full advantage of our talented advertising staff . . . getting help to create new ideas for their advertising messages . . . obtaining expert assistance in high-level copy suggestions, lay-outs and art work. This service is extended with just one idea in mind . . . that we may aid you in increasing your business.

NEWS FROM THE SCHOOLS

CROCKER

Lessons took second place at the Crocker School after the Lincoln's Birthday holiday. Gaily-decorated Valentine boxes were in evidence everywhere. Young minds could not concentrate on multiplication tables, trapezoids, square root, spelling, history, or geography when interest was centered on the contents of the attractive containers before them.

On Wednesday, the last half hour period was dedicated to St. Valentine. Lunches were brought and enjoyed while the valentines were distributed.

The seventh grade of Room 5 p.m. session are studying about early man's discovery and use of fire. The class learned about the different types of dwellings used by the earliest men for protection against the cold.

George Villalba has joined the class in Room 3. George came from San Salvador, where he has been attending school for some time.

S.M.J.C. Enrollment 1200 This Term

Enrollment figures this term at San Mateo Junior College stand at the 1200 mark, a good registration considering the war time, but lower than was the fall figure of a year ago. All junior colleges have lost some in registration as their young men are just right for service.

Monday evening Bruce Mitchell, Stanford law student, will lecture at the public Community Hall meeting in the college auditorium at 7:30 o'clock. He will tell of a mad dash through 15 European countries in one short summer vacation and will show beautiful color pictures of his trip. He lost 20 pounds in his strenuous trip.

There is no admission charge to the Monday evening series of illustrated lectures. Later topics still to be announced include, possibly, the Artic regions, Haiti, Ireland, and Alaska.

Farms Decreasing In SM County

FEB. 22. (CNS)—The number of farms in California decreased between the years 1945 and 1950, according to a United States census report on file at the state library, but when a more detailed compilation becomes available it is believed it will show a gain in the total acreage devoted to crops.

The 1950 census report lists 137,137 farms in this state last year, as compared to 138,917 in 1945. The totals for San Mateo county show 655 farms in 1950, as compared to 849 in 1945.

The Census Bureau reported that in the last census farms of three acres or less were counted provided they produced not less than $150 in agricultural products. When the count was made in 1945, such farms must have produced $250 to be counted.

Some counties showed more farms than five years ago, Fresno county gaining more than 1,000. The city and county of San Francisco which had 33 farms producing 1945, was reported to have 56 last year.

Auto Industry State's Largest Cotton Buyer

FEB. 22. (CNS) — California's largest outlet for its huge production of cotton is the automobile industry, the Production and Marketing Administration announced today. The cotton goes into the manufacture of upholstery and tires.

Other large users of cotton are manufacturers of sheets, shirts, towels, drapery and upholstery, men's underwear, women's dresses, and bedspreads.

How to make good telephone service even better...

Give 'em time to answer

How many times have you answered the telephone just as someone hangs up? You know it's not always possible to get to the telephone the moment it rings. So best way to make sure you get the person you're calling is to give him a full minute to answer.

Good way to stretch your telephone dollar

When you make a Long Distance call, you can get the most for your money if, ahead of time, you *make notes of the things you want to talk about.* Then, during your call, jot down the things you want to make sure to remember. With the right planning, you can say as much in a three-minute call as in an exchange of letters. And did you know you can make a three-minute station call, clear across the country, for just $2.00, plus tax, after six in the evening.

When you take the kinks out

of your telephone cord, you help protect your own service. For too many twists may break some of the tiny wires in the cord, causing you to hear a "frying" noise. Let the receiver unwind by itself . . . then keep the curls out by remembering not to put a turn in the cord as you handle the receiver.

Pacific Telephone

SPORTS

Sarto A. C. Cinch Night League Championship

Champs of the Jefferson High School Night Basketball League today are the mighty Sarto A.C.

The boys cinched the title last Tuesday night when they defeated Hoyt Heaters 53 to 23. Although there is one more game left in the league, the Sarto lads, by virtue of having won every game, have won the league championship.

Just who will take over second spot is still to be decided. Contenders are Veteran's Inn and Ralph's Cleaners. These two teams met Tuesday, and Ralphs came out on the short end of a 37 to 31 score.

Next Tuesday evening, in the last game of the series, Veteran's Inn meets Hoyt Heaters and Ralph's tangles with Sarto.

S.M.J.C. Basketball Comes To A Close

San Mateo Junior College basketball players bring their league seasor to a close this Friday night when they play the City College of San Francisco in the Matean gym. Game time is eight o'clock. Coach Ray Balsley's players have had an up-and-down season to date, beating one tough opponent and then losing to the next by a small score.

As basketball bows out of the sports picture, baseball, track and tennis move right in, with baseball even getting off a practice game this week, if weather conditions are right.

Coaches Herb Hudson, baseball; Dell Fishback, track; Sy Bashor, tennis, all have fair turnouts of players with some outstanding material included in the squads. Also, Coach Ray Balsley will take up the duties of golf coach or adviser, and he reports several fine players on his squad.

★ Give to the RED CROSS!

Gelsi Nine Halt Operations

Loss of two players, Leo Massoni and Lou Valletta, has forced the Gelsi nine to "close down" for the next few weeks.

The local team has already forfeited two games for lack of players, and Vince Gelsi noted today that the seven man team could not go on with scheduled games in the "AA" American League.

"We are going to reorganize, and hope to be back on the diamond by next month," Gelsi said.

Watch THE RECORD for news of the new team.

Demaret not only sets golf records but styles as well. Here he is wearing Palm Beach white slacks with a dickie bosom sport shirt and tartan trimmed shoes.

Heavy Catch Reported By Tuna Fishermen

FEB. 22. (CNS) — Meat may be in short supply this year but there will be no lack of tuna, the State Division of Fish and Game announced today in reporting commercial landings for canning and processing reached an all-time high in 1950.

Fishermen landed 378,109,000 pounds last year to pass the previous high in 1949 when 290,625,000 pounds went through canneries.

Heaviest catch was in the San Diego area, tapering off in northern coastal waters.

JEFF POOL; GYM OPEN MARCH 1

Public Invited To Enjoy Facilities

The Jefferson Union High School announced today that the swimming pool will reopen on Thursday night, March 1, for public use.

The citizens of the school district are invited to make use of the recreational facilities at the school. The gymnasium will also be open at this time.

The school provides swimming suits, towels and lockers. Competent life guards are on duty for the safety of all. The dimensions of the pool are 40 feet by 75 feet. The depth at one end is 3½ feet and increases to 9½ feet in depth at the other end.

All May Swim

All age groups may swim, regardless of ability. Swimmers and non-swimmers can find a place to splash around.

The gymnasium floor will be open for those interested in playing basketball every school night except Wednesday. On Wednesday nights the floor is reserved for badminton enthusiasts. There are 6 courts available. The school provides badminton racquets for your use if you do not have one. Individuals must supply their own shuttlecocks. Tennis shoes must be worn on the gym floor.

Fees Low

The night school fee is 25c. This includes the privilege of playing; the use of towel, showers and lockers. In the near future, a badminton tournament will be held for all age groups. Information about the tournament will be published at a later date.

Any other information desired about the school facilities may be obtained by calling PL. 5-2511.

Warm Water Fishing Closed February 28th

Among the first of California's 1951 angling regulations to take effect is the two-month closure on warm-water fish angling in 38 northern California counties, it is reported by the Division of Fish and Game.

Effective one hour after sunset Wednesday, February 28, the seasonal closing applies to all counties north of Mono, Madera, Fresno, San Benito, Santa Clara, and Santa Cruz counties. There is no closed season elsewhere or in Clear Lake, Lake County.

The regulation prohibits fishing until April 28 for all species except catfish, striped bass and shad.

A similar closure will be enforced in Arrowhead, Big Bear, and Gregory Lakes in San Bernardino County.

SARTO A. C. WIN DOUBLE HEADER

Now Favorites To Win Golden Gate Pennant

Heading for top spot in the Golden Gate Park Pennant race today are the Sarto A.C. who scored two wins last Sounday.

Behind the no hit pitching of Tito Sarto, and Don Mossi, who allowed but two hits, the Sarto lads took Malcombhros Jewelers to the cleaners 9 to 1.

In the second game of the double-header, Sarto's scored an 8 to 3 victory over Marty-The-Geary. "Lefty" Netherland, a new pitcher for the Daly City boys, gave up 9 hits.

This Sunday the Sarto nine met Fosters at the Big Rec at 2 p.m.

Meanwhile, the Sarto's had just as good luck Sunday as their big "brothers." In a tight game with Leslie Salt the juniors came through with a 2 to 0 win. Pitching for Sarto's were Bill Rainey and Quineves. Although Leslie brought in some strong reinforcements and big batters, the Sarto's were able to hold them down to a scoreless game.

The Winners

Satan A. C. Squeeze Through By One Run To Win Pacific Coast Pennant

Behind the pitching of Paul Viola, the Satan A. C. downed Feil Radio 6 to 5 Sunday to win the pennant in the Pacific Coast Class A League.

It was a seesaw game all the way, with Fiel leading by one run in the first and seventh inning. The score was tied in the ninth when Jessup was brought in by a long ground ball driven by John Sartor, manager for the Satan lads. That gave the local team the lead run, and the game.

Now that they have won the coveted pennant, each member of the team will receive a trophy for his individual effort.

This week the lads will take a vacation, but the following week they will again be playing on the diamond . . . this time in independent ball at Jefferson High or Marchbanks Park.

Local Lad Makes All-American HM Prep Squad

A former student of Our Lady of Perpetual Help School, Robert (Bob the Wall) Wall recently was given honorable mention on the 1950 National High School All-American Prep football squad.

The son of Mrs. Lorraine Wall, formerly of Daly City, but now residing in Sonora, California, has been playing fullback for the Sonora Union High School Wildcats.

Announcement of Wall's selection in the honorable mention group was received by this department this week from headquarters in Oklahoma City, where the program is sponsored by the Wigwam Wisemen of America. Chairman of the football committee is Mose Simms, who observed 211 high school teams in games during a 12,000 mile jaunt during the grid season.

In winning Honorable Mention, Wall was one of 1,545 high school players from every section of the United States and Hawaii who were nominated for places in the fourth annual selections by 543 daily newspapers and 165 radio stations, after considering more than 10,000 prep football players.

Although many Californians were given honorable mention, only two contestants in the Valley Oak League were included in the list. They were Wall of Sonora High, and Keith Grieve, end of the Manteca Buffalos, winners of the VOL schedule.

Four other Californians were picked for the All-American Prep teams: Dick Garibaldi, of Stockton High, first string halfback; Melvin York, of Bakersfield, fourth string tackle; Paul Adams, of Weed, sixth string right half; Russ Blythe, of Berkeley High, seventh string center.

Wall received a certificate from headquarters of the Wigwam Wisemen of America this week, announcing his selection in the coveted group of high school players.

REMEDY HAS ITS DEFECTS

Heavy oil frequently is used to compensate for wear of engine parts, according to the National Automobile Club. It is well to realize that lubricants of this nature have their deficiencies that may do more harm than good under certain conditions. The heavy oil, in the first place, does not atomize readily and this is likely to result in underlubrication of vital units of the engine. If cylinders, pistons, or rings are worn badly, they should be reground or replaced.

Jeff Basketball

Willow Glen Rams Butt Jeff For Double Win; South City Here Friday

Down for the count twice last Friday were Coach Mike Orlich's Jefferson High Indians.

Willow Glen Rams ran through the basketball court at Jeff to beat the varsity 36 to 31 and the 130s 39 to 34.

A close affair all the way, the varsity battle saw the Rams move ahead 19 to 17 at halftime. They managed to keep this slim lead through the rest of the game.

Mark Lowery paced the Indians with four field goals and as many free throws for 12 points.

Jones, who ran up 12 points, and Stark who saw 10 digits to his credit, sparked the Jeff 130s.

This Friday the traditional enemies meet when South City comes up to Jeff for the last, and probably the best game of the year. The local Indians are tied with the lads from down under in the PAL League. Both have won two, and lost six.

Radar Scores On Law Breakers

When southern California's sardine fishing season ended early this month, wardens of the Division of Fish and Game found that a pair of speedy patrol boats equipped with radar, depth finders, and short-wave radio had scored a record number of arrests for netting in closed waters.

During the four-month open season, 139 commercial fishermen on 13 sardine boats were arrested. With several cases still pending, the incomplete figures on forfeitures amounts to $3,225 in fines; $8,504 worth of sardines; and $20,800 in confiscated nets. Fish and nets are seized as part of the law violation penalty.

The record number of cases was made from the "Bluefin," commanded by Warden-Captain Lars J. Weseth, and the "Marlin," with Warden-Captain Niles J. Millen in charge.

Meet Your City Officials

B. C. Ross - - "Now Back When The Boys Met In A Toolshed On Wellington Ave...."

Back when the only substantial buildings in Daly City were 16 saloons and beer was a nickel a glass with a free lunch thrown in, back when the "Oceana Roll" was at the top of the barber shop quartet's hit parade; back when the city council met in a toolshed behind the present city hall . . . . that's when B. C. Ross was a councilman, only then they called them trustees.

"They changed the name to councilman several years after I was elected. I'm not sure why," Ross commented. A wiry, white haired 68-year-old "youngster," Daly City's has the distinction of holding down an elective city position longer than any other man in the history of Daly City. He has been elected time and time again to the city clerk's post since 1923.

Familiar Name

"Unless something better comes along, I'll probably be around for a few more years," joked Ross. He will not say whether he will run again in 1952, but chances are his name will be on the ballot.

The name "Ross" on a city ballot has become a familiar name, indeed. It first was listed back in 1912 when he was among the first councilman ever elected for a four year term.

"That was when we met in the toolshed. A couple of meetings there convinced all of us we had better put up a city hall," Ross recalls. "So, we bought three lots were the present hall now stands, paid $2,900 for them, and put up a two story frame building at $7,500."

Hesitated

Ross notes that the citizens hesitated to spend so much money for a city hall back in 1913. "That was a lot, then, you know." However, Ross never regretted the move, especially as the building stood until 1939 when the present structure went up at $64,000.

But even when the boys were fighting it out in a toolshed, the public figured the council meetings as the primary point of interest in Daly City. Ross recalls that the audience sometimes numbered as high as 200, or nearly the whole population.

Good Fights

"There were some good fights, then," Ross notes. "Nothing violent, but plenty of conflict."

A peaceful man who has never been known to swear, Ross was a natural for the job of mayor in 1916. He held the council in line for four years, and then decided he had had enough.

However, through the years the city clerk has had a "ring-side" seat on every council meeting. "The various councils come and go, some are quiet, some are stormy, some bad, some good," Ross said in a resigned way.

The Best

Asked what he considered the best council in Daly City, Ross smiled broadly: "Why the two I served on, of course."

And what has happened to interest in the council meetings? Why don't more people attend?

"When a city is small, city business is everyone's business. When the city grows, as Daly City has in the past 40 years, the city business is the business of very few people . . . except, of course, when there is an issue of importance to all."

And why does a man run for a city council job?

Interested

"I don't know about the others, but as for me, I was interested in civic affairs. I certainly didn't run for the money."

Fact of the matter is, that back in 1912 the councilmen served gratis, and it wasn't until 1915 that they were advanced the huge sum of $15 a month for their trouble.

As he couldn't make a living in politics, Ross spent his days employed at a grocery story in San Francisco. He took the same job when he arrived in the Bay City October 22, 1906. Ross recalls that his first home was on McAllister Street near Fillmore. "That was when Fillmore was the main street of San Francisco."

Astoria Boy

Before arriving in San Francisco, Ross lived 17 years in Astoria, Oregon, the place of his birth in 1883. His father, William Ross, had settled in Astoria after a covered wagon trip west from Illinois in 1852.

When he was 17, the family decided to turn around and head east again . . . This time they settled down in a small Montana mining town where elder Ross was employed in the soft coal mines. Bert, and his three brothers, were forced to quit school and go to work.

"I had one year of high school before I had to give it up for a job in a company store at the mining camp," Ross said.

Mining Life

Six years of a mining town was enough for Ross.

"Like any young man, I wanted to get out and see the world. Move to a city with some excitement. I headed for San Francisco."

Unable to find a home in the Bay City, two years later Ross, accompanied by his mother, father and three brother moved to a house in Daly City at No. 7 Clover Dale. Don't look on the map, there is no longer a street by that name within the city limits. Today it is known as Junipero Serra Boulevard. Ross, with his mother and one brother, still lives in the same home.

Escape

Over all these years Ross has managed to escape the walk down the aisle. "I profit by other's mistake," he likes to say. "I saw what happened to the bachelors. But maybe if the right girl comes along?"

Since he took over the city clerk's job in 1923, Ross has led a rather mild life. Not that it hasn't been busy, but he has learned to live long, is to know how to relax.

"When I go on a vacation I head for the open country, Montana, Washington, or Oregon. It's a pleasant change to get away from the every day scenes."

Big Battle

And what did he do for entertainment back in the "good old day?"

"Well, there were always the fights. Remember, but then you wouldn't, the Burns and Squire battle. A great fight. Held on Acton Street, between Brunswick and Hanover."

Ross recalls that the fight was back in 1907, and took place in a specially built arena in Daly City. Fights were illegal in San Francisco, and consequently most of the brawlers looked to the south for combat.

"Yes, that was a real fight. It was for the heavyweight championship of the world. An Australian, Squire fought in the old style . . . fists extended. Burns, who was a Canadian champ, used the crouch. That battle lasted just 1½ minutes."

The Winner

And who won?

"Why, Burns. He was using the modern method."

Ross admires things modern. This has kept him young in a job which has become as synominous with his name as good, honest service.

As one of the city councilmen summed up Ross' years of service the other day . . . "You couldn't find a more honest, square shooting man than our city clerk."

San Francisco Calls For Staggered Hours To Solve Transit Woes

Workers riding the Municipal Railway street cars, buses and trolley coaches to the downtown area daily cannot hope for much improvement in service unless working hours are staggered, Utilities Manager James H. Turner said this week in a letter to the Downtown Association.

"It is simply beyond the railway to move the tremendous numbers of people during the peak hours with any degree of comfort," Turner wrote. Even if unlimited finances and manpower were available, Turner said the situation is impossible "because of physical lack of space to put more vehicles in the downtown area."

The Downtown Association is conducting a survey of major business interests to determine the attidude of employers of large numbers of persons toward staggering of work hours.

NEW DODGE "Job-Rated" TRUCKS

The trucks that do the most for you!

Here's what's NEW about power
You get more horsepower than ever in the new Dodge "*Job-Rated*" Trucks! Eight efficient engines—94 to 154 horsepower—with power increases up to 20%! You get the *right* power for *your* job with top economy. Yet, these new trucks are *priced with the lowest!*

Here's what's NEW about styling
Distinctive new lines, massive new grille, new two-tone cab trim, and new appointments make these the best-dressed trucks on the road! Lower hood lines make it easier to see more of the road ahead. More comfortable, redesigned seats, too!

Here's what's NEW about ease of handling
You can turn these new trucks sharper—in a smaller circle. Handling is easier because of new worm-and-roller steering gears, more convenient steering wheel angle, cross-steering, wide front tread, and short wheelbase.

Here's what's NEW about safety
Never before such safe, smooth, *quiet* truck brake action—thanks to new molded, tapered Cyclebond brake linings. (On trucks 1½-ton and up, except air brake models.) Improved hand brake operates independently of service brakes. "Pilot-House" cabs offer extra visibility.

More than 50 brand new features...including:

NEW! More economical performance with higher compression ratio—on models through 1 ton.

NEW! Twin carburetion and exhaust system for more power—available on all high-tonnage models.

NEW! Easier bad-weather starting with new moistureproof ignition and high-torque starting motor.

NEW! Smoother ride with new, "Oriflow" shock absorbers—standard on ½-, ¾-, and 1-ton models.

NEW! Easier-to-read instruments—now grouped in a cluster in front of the driver.

PLUS THIS EXCLUSIVE! gyrol Fluid Drive available on ½-, ¾-, and 1-ton models.

Come in today for a good deal on A TRUCK THAT FITS YOUR JOB...A DODGE Job-Rated TRUCK

DALY CITY—COLMA

Welcomed into the Daly City Lions Club recently was Joseph Roll, new manager of the Daly City PG&E office.

Roll was on hand last Wednesday when the Lions had their guests Joseph R. Torrito, district governor from Redwood City, and Milton Athey, deputy district governor from Burlingame. Both men delivered short speeches.

The program held yesterday featured films shown by Gil O'Shaugnessy.

Gil, and Hal Willis also lined up other speakers for coming meetings when they attended a meeting of the San Francisco Lions Host Club at the St. Francis Hotel last week.

Another item of interest to all Lions was reportd by Willis this week when he noted the ticket sales for the Lions Club Peninsula dance are going like "hot cakes." Money from this affair will be used to further activities of the Lions among the younger generation in San Mateo County and Daly City.

Income Tax Headaches

Internal Revenue Collector Explains Basic Rules For Filling Out Returns

(Editor's Note.) This is the fourth in a series of articles prepared by the Collector of Internal Revenue, James G. Smyth of the First California District outlining rules and regulations governing the preparation and filing of 1950 Federal Income Tax returns.

Many persons receive income from dividends. No matter how small the amount, this income should be reported. This year the taxpayer must not only list the amount of dividends, but the name, address, and amount received from each corporation. Space has been provided for the listing of dividends on page two of the Form 1040 income tax return. If this space is not sufficient, a rider must be attached.

Taxpayers need report as income only those dividends which represent distributions as earnings and profits by corporations or associations. Generally, dividends include the following: Cash; property, (which should be valued at the fair market value); stock dividends which result in changed or increased proportionate interest of the stockholder in the corporation.

Stock Rights

Stock or other right which the taxpayer receives in payment of a dividend when the taxpayer has a choice between the stock or money.

Consent dividends which the taxpayer has consented to report in income.

Cash or other payment purporting to be expenses, but which are really dividends. These cases occur when there has been excessive compensation paid to a stockholder, or loans to a stockholder, which are, in effect, a distribution of profit.

Added Amount

When stock is sold and the dividend is both declared and paid after the sale, it is income to the purchaser. The fact that the purchaser's amount of the dividend in his purchased price in contemplation of the next dividend does not exempt the purchasher from tax. Nor can the purchaser deduct the added amount he advanced to the seller in anticipation of the dividend. That added amount is merely part of the purchase price of the stock.

Scientists are still searching for the causes of 90 per cent of the heart diseases—rheumatic fever, high blood pressure, and hardening of the arteries. You can support research in the heart field by giving today to the 1951 Heart Fund.

Cub Pack No. 36

Boys Busy With Everything From White Hats to Glass Painting To Singing

By MRS. E. K. WHINNEN

On February 27, at the next meeting of Pack 36, Den 15 will put on a singing skit.

The boys will be dressed in their uniforms with the snappy white hats and leggings they wore on the May Day parade last year. These cubs have been practicing now for the last two or three meetings and two more practice periods are planned, one on the Monday before the pack meeting, the other at the regular den meeting, Thursday. We hope this will smooth out the performance a bit, which at present is somewhat on the rough side.

Parents Expected

Of course, all you parents of boys in Den 15 plan to come out for this event, don't you?

The boys have been quite busy these last meetings, with glass etching, glass painting, etc. Some of the things turned out have been quite nice. Many of the ideas could be used to good advantage for Christmas presents by interested people who have the time and like this sort of thing. If anyone is interested, ask a member of the Den or get in touch with Irene Rosenberg, or Mildred Whinnen, for further information. Either will be glad to pass on the information to interested individuals or to scout or Brownie leaders looking for crafts for their troops.

New Twist

The cubs have a new wrinkle out at pack meetings now. That is the singing roll call. One den gets up and answers roll call by singing their presence. At the finish they call on a den of their choice in this manner: "Where is Den 4?" Then Den 4 gets up and sings calling on another den, till it comes to the last one, which has to think up a catching ending. Den 1, which was the last one at the Pack meeting Tuesday night, came up with this gem of advertising, "We are the keenest, healthiest den in the Pack." The other boys will have to go some to beat that!

Next Meet

Next Pack meeting will be award night. All parents please take note, and bring your son, so that you may accompany him onto the stage to receive his awards.

Mildred Whinnen signed up officially as assistant den mother to Den 15.

Baseball practice started Friday, the 16th at Aptos playground. From the hands raised, when a showing of those who wished to play baseball at the pack meeting was requested, there should have been plenty of good material to get the teams from.

Knowledge about heart disease must be put to work to benefit the individual in the community. You support health programs in the heart disease field by contributing to the 1951 Heart Fund.

OWL SAY!

FAIR WEATHER AND FOUL PLAY

Fair weather and foul play often go together on the highway and sunshine cannot save a driver from the consequences of speeding and carelessness, warns the National Automobile Club. Approximately seventy per cent of all traffic accidents fatalities occur on dry pavements.

WOUNDED AND FROSTBITTEN AWAIT MEDICAL AID —Marines' casualties are assembled at a collection point for evacuation to hospitals behind the Korean fighting front and eventual flight by plane and helicopter to Japan. The wounded were transported to this desolate spot on stretchers and in jeeps over frozen mountain trails in subzero weather.

Don't Be Afraid to Use Color

Key to the color scheme of this house—one of 750 in the Roslyn Country Club development, Roslyn, L. I., is its blended asphalt shingle roof. Beatrice West, famous color consultant and designer who did the color styling for the development, points out that "color can individualize a single house, or a group of houses, and it can integrate an entire community of houses." Color integration in the Roslyn development is provided by roofs of gray blend and brown blend asphalt shingles.

Most people are "color cowards" when it comes to decorating the exterior of their homes, says Beatrice West, famous color consultant and designer.

Writing in Practical Builder magazine, Miss West explains that people instinctively realize color's power to repel or attract. As a result, they are timid about using color and they follow traditional color concepts instead.

Miss West, who operates her own studio in New York City, is both an interior designer and an authority on exterior color planning. In the last three years, she has color-styled 50,000 homes for more than 160 builders in 20 states; and she also has designed both exterior and interior color plans for hundreds of individual home owners.

She contends that home owners have been passing up one of the most effective and economical ways of glamorizing and lending distinction to their dwellings by failing to use colors to advantage, but she sees hope for the future.

Importance Realized

"At last," Miss West says, "builders are finding out what fashion stylists, automobile designers and others discovered long ago—that color and color harmony is at least as important as design in selling a home. It is as important as a modern kitchen or bathroom."

The color expert points out that builders who realize the importance of color now make provision for color styling in their program, with the result that the complete home has color harmony with itself and its neighbors although maintaining an identity of its own.

Miss West explains that she lets the asphalt shingle roof serve as the color key, setting the color pace for the entire house. She selects blended asphalt shingles because a blend gives the designer wider latitude in the colors for the trim, siding, and for accent, than is possible with a solid color. A blend readily harmonizes with a wide range of colors.

"Color can individualize a single house, or a group of houses," says Miss West, "and it can integrate an entire community of homes. Color is the one common denominator in a house, from the roof to the color in the bathroom fixtures, to the wallpaper on the living room wall, or the accent used on the front door."

Help The Red Cross . . . To Help Yourself

COLOR VAULE IN OIL

Light colored and highly transparent motor oils are obtained by certain refining processes, points out the National Automobile Club. The color of an oil is of little value to the consumer for judging its value as an engine lubricant but should assist in the detection of dirt or other foreign material. There is no known relation between color and service performance.

TUMACORI MISSION NATIONAL MONUMENT

Tumacacori Mission National Monument, located near Nogales in Arizona, is reported by the National Automobile Club to have been established in 1690 by the Jesuit priest, Father Kino. These ruins show the Spanish influence characteristic of all missions built throughout the Southwest.

Water Pollution Board To Meet

FEB. 22. (CNS)—A joint meeting of the State and Regional Water Pollution Control Boards will be held in the assembly chambers at the state capitol February 20, Warren T. Hannum, chairman of the state board, announced today.

The members of the boards will be welcomed by Governor Warren or a representative of the Governor's office, and will discuss the problems and progress of the water pollution control laws which they have administered for the past year.

The meeting will mark the second time the group has met in joint session. The first meeting was more than a year ago when the members gathered in Sacramento for organization purposes to carry out the provisions of the water pollution bill, which was sponsored in the legislature by Assemblyman Randal Dickey, Alameda.

Hannum said the boards would discuss the new problem of air pollution legislation, as well as water well drilling, salt water intrusion and other problems affecting the welfare of the state.

Range Rain Does Not Harm Crops

FEB. 22. (CNS)—Although wet, overcast days and a few freezing nights checked grass growth in California pastures, ranges are reported in good condition and the outlook for fast spring growth is good, the California crop and livestock reporting service said today.

In San Mateo county, the ranges are 92 per cent of normal, as compared to 19 per cent one year ago, the service said.

Cattle and calves on California ranges are 87 per cent of normal, eight points above last year, and stock and feeder prices are still moving upward because of increased demands.

The condition of sheep and lambs is 88 per cent of normal, seven points over 1950. Lambing percentages have been normal in areas lambed out at the present time.

Advances in the prices paid for wool have been sensational. Contracting is under way for the 1951 crop with offers from $1.25 to $1.35 per pound for 12-months' wool.

Condition of ranges in far western states is better than last year but those in California are the most favorable, the service concluded.

Guide Dogs Given To 63 Blind

Sixty-three blind residents of the Bay Area, including three from the San Francisco peninsula, have been given guide dogs without any cost to them, Mrs. Kilbourne Breeden, Peninsula chairman of Guide Dogs for the Blind, Inc. revealed today.

Of the three, Calla Bennice, a Palo Alto pianist, received her guide dog during the last year, she said. Twenty-nine Alameda county residents, 15 from San Francisco, five each from Contra Costa, Santa Clara and Sacramento counties and one from Monterey county have been given guide dogs.

Guide Dogs for the Blind, Inc., is now conducting its annual membership campaign to provide funds to continue its program of training guide dogs which are given without cost to the blind. Its goal in the Bal Area is $60,000, Mrs. Breeden said.

"There are other blind people in our county and almost every Bay Area county has students scheduled for admission to early classes. Four weeks of training are necessary to teach them how to properly use a guide dog," said Mrs. Breeden. "During 1950 we provided guide dogs for 45 blind persons and we have a goal of 54 gide dogs this year. This can be achieved if we are successful in our campaign which will continue throughout the month of February."

Stanford Horne of 1645 James Street, Redwood City and his dog, "Valiant" are frequently seen about the streets of peninsula communities.

Machine Shop Taught At SSF

The South San Francisco High School, through its Adult Education Department, announces a class in General Machine Shop Operations. There are several openings for membership in the class.

The class meets each Monday and Wednesday night at 510 Cypress Avenue, South San Francisco. Time: 6:30 to 9:30 p.m. This class is open to anyone wishing to learn machine shop practices and operations. This is an opportunity to learn as you work.

The registration fee of $1.00 may be paid upon enrollment at the shop or at the High School office, 501 Spruce Avenue.

For further information, phone Juno 8-8256 between 2:30 and 4:30 p.m.

Demos Appoint Three Alternates On Committee

Three alternates to replace inactive committeemen were appointed last Thursday in an unusual action taken by the San Mateo County Democratic Central Committee at their regular monthly meeting held at the Coral Reef in Millbrae.

Th Democrats voted unanimously to take this step which is believed to be unprecedented in state political history.

"We have done this to insure representation for districs which elected the supplanted committeemen who have failed to attend a meeting since July, 1950," said Marion H. Kent, county chairman.

"We wish to make it clear, however, that, since the Election code of the state prohibits removal of county committeemen for non-attendance, we are not legally removing them. They may still come to meetings, cast votes, and their votes will be accepted. Until they do so, their alternates will act in their behalf in every way except that these alternates will not have a legal right to vote."

The outed members and their replacements are: Patrick J. Kearns, 212 West Thirty-seventh Street, San Mateo, replaced by alternate Ruth M. Bradley, 206 South Eldorado Street, San Mateo; William J. Mahaney, 244 Park Lane, Atherton, replaced by Mrs. Harry Feldscher, 1027 Hopkins Avenue, Redwood City; and Joseph C. Bender, 79 Finger Avenue, Redwood City, replaced by Robert Spillers, 426 Clinton Street, Redwood City. Action on two other non-attending committeemen was postponed until the March committee meeting.

Method of strengthening state and county political organization were outlined by Fred L. Trott of Visalia, state Democratic vice chairman and featured speaker of the evening.

Mrs. Frances K. Otto, 434 Bloomfield Road, Burlingame, was appointed as committeewoman to replace Mrs. Virginia Overhulzer, Burlingame, who resigned for business reasons.

Looks Like Large '51 Gobbler Crop

FEB. 22. (CNS) — With prices of beef, veal, lamb and pork still rising despite federal controls, California turkey growers may look to more favorable returns this year and increased consumption.

While feed costs more and overhead is higher, the United States Department of Agriculture has forecast a record turkey crop for 1951, and in San Mateo county, which raised 14,666 turkeys in 1950, production is expected to continue at that high level.

With a large roast costing more than a tom turkey, housewives are buying turkeys between holidays to conserve the family budget and a market is developing for the birds the year round.

Prices for both hens and toms have increased and agricultural experts state that if prices do not move too high, the bird usually associated with Thanksgiving and Christmas will find a place on the family menu many Sundays during the year.

The experts point out that a medium sized turkey will furnish a family of six with two meals, plus some leftovers, while a meat roast costing the same provides the family with one meal and little is left-over.

Production of turkeys in California last year reached 6,159,000 with Texas and Minnesota ranking second and third. Texas contributed 4,478,000 and Minesota 4,332,000 of the birds.

State Adjutant Gen. To Retire Soon

FEB. 22. (CNS)—Major General Curtis D. O'Sulivan soon will relinquish his duties as State Adjutant General, the office of Governor Earl Warren announced today. O'Sullivan is in command of the 49th Division, California National Guard, and will continue in that capacity when and if the division is called into active service.

Three Studebakers Entered In 1951 Economy Run

VERON, Calif., Feb. 22. — Following the random selection here of three 1951 stock Studebakers from the production line for participation in the coming Mobilgas Economy Run, C. K. Whittaker disclosed that he has high faith in the thrift performance of the new V-8 valve-in-head models entered; as well as in the economy-famous Champion.

This opinion was seconded by William J. Sweeney & Sons, 6806 Mission, Studebaker Dealers in Daly City.

Whittaker, vice president of The Studebaker Corporation, and head of the Pacific Division, reminded correspondents at his weekly factory press conference that Studebaker's slogan this year is:

"The thrifty one for Fifty-one."

Confident

"In addition to being confident that the frugal Champion can equal or better its last year showing," Whittaker said, "we of Studebaker feel sure that the two new Eights—Commander and Land Cruiser—will hold their own in the stock car competition."

The two new V-8 Studebakers will be driven by Stanley Van Horn of Inglewood and Bill Heimberger of Hollywood. Heimberger, who won his class in last year's Grand Canyon Run with a 1950 six-cylinder Land Cruiser, will drive the new eight-cylinder Land Cruiser on the March 6-7 Run.

CHAMPION CHOSEN—Here's the 1951 Studebaker Champion which will be one of three stock Studebakers entered in the 1951 Mobilgas Economy Run from Los Angeles to the Grand Canyon South Rim, March 6 and 7. This car, being picked at random from the West Coast Studebaker assembly plant production line by A. C. (Art) Pillsbury, left, regional director of the AAA Contest Board, will be driven by Vic Del Como. Del Como, in the 1950 Economy Run, got the highest gasoline mileage—26.551 miles per gallon—of all cars in the Run, piloting a Champion. At right of car are seen C. K. Whittaker, vice president of The Studebaker Corporation, and C. S. Bessemyer, executive vice president of the sponsoring General Petroleum Corp.

County Automobile Registration Hits All Time High

FEB. 22. (CNS) — Automobile registrations for 1950 hit an all-time high in San Mateo county, A. H. "Gus" Henderson, state director of motor vehicles, announced here today.

Fee paid registrations in the county totaled 103,943, of which 90,700 were automobiles, 7,137 trucks, 940 motorcyles and 5,166 trailers.

Totals for the state, Henderson said, were 4,976,296 vehicles, which represented an increase of 462,055 units over the 1949 registration of 4,514,241 vehicles.

During the year, according to the director, the department collected 49,021,450.91 in registration fees, $164,683.41 in miscellaneous fees, and $2,137.151.32 in ownership transfer fees.

Of the total registrations last year, 4,076,484 were automobiles, 481,809 trucks, 54,948 motorcycles and 363.055 trailers.

State Recreation Commission Report Now Available

Establishment of 38 new local public recreation agencies, an increase of 33 per cent over January 1, 1948, is indicated in the Third Annual Report of the State of California Recreation Commission to the Governor, released to the California Recreation Conference today at San Diego by Mrs. Rollin Brown (Los Angeles) Chairman of the Commission.

Acquisition of land areas in new subdivisions for recreation and park purposes, expanded use of memorial buildings and fair facilities as indoor recreation centers, development of roadside rests or picnic grounds along State Highways for tourist use, and improved training programs for recreation personnel were stated by Mrs. Brown as major recommendations of the Commission.

The 66-page report may be obtained on request from the Director of Recreation, 909½ Eight Street, Sacramento 14.

Sterling S. Winans, Director of Recreation, stated that public recreation services in 152 California communities are unusually significant at the mid-century, as compared to the lone pioneering service established in Los Angeles in 1903—the only municipal recreation department in actual operation in California or in the United States during the first five years of the twentieth century.

Winans stated that, in addition to the great increase in the number of public agencies operating year-round programs, marked changes within the last few years had occurred in the organizational patterns of agencies, amounts of expenditure and source of funds; Quality and training of professional personnel; variety and number of facilities used; diversity of activity programs and availability of recreation services to special groups, such as the aging population.

Great expansion has taken place through the joint exercise of powers by jurisdictions and joint planning by both public and private recreation agencies. The report reviews the advances made by State mental hospitals, institutions of the Department of Corrections and Youth Authority in the recreation therapy programs for inmates.

California Rice Crop Takes Slight Nose Dive

FEB. 22. (CNS)—California had 4,289,000 bags of rice weighing 100 pounds each in mills and warehouses February 1, the California Crop and Livestock Reporting Service anounced today. This compared with 5,481,000 bags on the same date last year, but was higher than in the preceding year.

County warehouse stocks totaled 3,828,000 bags and mill stocks consisted of 461,000 bags.

Plant Table Beets Early In Your Garden

FEB. 22. (CNS)—Home gardeners who are aiding in the high cost of living by planting economy gardens, will do well to plant table beets early for they grow best in cool weather, farm experts in Sacramento advise.

Early varieties—Crosby's Egyptian, early winter and eclipse—show deep red internal color and fewer white rings under cool conditions.

Vet Advisors Meet In Sacramento

FEB. 22. (CNS) — County Service Officers, who advise veterans regarding their rights under State and Federal laws, will hold a meeting Thursday and Friday in Sacramento on proposed legislation for the ex-serviceman.

Floyd D. Granger, service officer for San Mateo County, has been invited to attend the conference, the State Department of Veterans Affairs announced today.

James E. Carlsen, Riverside county, president of the organization, announced that a business meeting will be held in the state capitol Thursday, and a conference on legislation the following day in the public works building conference room.

Lewis S. Sloneker, Los Angeles, director of rehabilitation for the American Legion in California, will conduct the discussion of Veterans benefits.

Subjects to be discussed include: outpatient treatment for Spanish-American war veterans; Social Security Act amendments affecting veterans; death compensation and pensions; and the Federal Employes Compensation Act as applied to reservists returning to active duty with armed forces.

A summary of state legislation will be given by representatives of the State Department of Veterans Affairs.

Bank of America Gives $1.60 Stock Dividend

Directors of Bank of America have declared a regular cash dividend for the current semiannual period, payable in two quarterly instalments, at the annual rate of $1.60 per share.

The first quarterly payment of forty cents per share will be made on March 31 to shareholders of record as of February 28. The second payment will be made on June 30 to shareholders of record as of May 31, 1951.

Graphite is believed to have replaced metallic lead in pencils as early as the 16th century.

SIGNS AND SIGNALS

Two-thirds of all traffic deaths happen at night, according to the California State Automobile Association. Your best defense against after-dark hazards is common sense obedience to warning signs and signals.

Van Horn, who was Heimberger's relief driver last year, will pilot the new eight-cylinder Commander.

Champion

To Vic Del Como of Long Beach, whose Champion in 1950 topped all other cars for gasoline mileage—exactly 26.551 miles per gallon—goes the honor of driving this year's Champion entry.

According to officials of General Petroleum, which sponsors the Run to the Grand Canyon South Rim, about 35 stock cars of nearly all major makes will roar away from the Los Angeles Downtown start before dawn on Tuesday, March 6. The Contest, as before, will be officially supervised by the AAA Contest Board.

The distance this year is 840 miles, 89 miles more than the 1950 Run.

Driver Education Course Opens

The Adult Education Department of the South San Francisco High School announces the opening of a new class in Driver Education for adults starting Wednesday, February 28, at 7 p.m.

The class will meet each Wednes and Thursday 7:00-9:00 p.m. for classroom instruction. Driver Training (behind-the-wheel training) is scheduled by arrangement between the hours of 4:00 p.m. and 6:00 p.m., evenings, and Saturdays.

The course consists of 24 clock hours of classroom training and a minimum of 8 hours spent in the dual control car in behind-the-wheel driver training.

The total cost of the course is $10.00 including registration, tuition, and insurance. If you have a 1950-51 registration card the fee will be $9.00.

Classes begin the same night as registration. Those taking the course will report to room 11 in the high school building for registration and payment of fees.

A large enrollment is anticipated so come early as the number to be admitted is limited to 30 students.

This is the fifth class in Driver Education and Training conducted by the South San Francisco Adult Education Department since March, 1950. Each enrollment group completes the entire course before a new class is started. It is now one of the most popular courses offered by the Adult Education Division of the South San Francisco High School.

State Board Of Forestry To Meet March 1 to 2

FEB. 22. (CNS) — The State Board of Forestry will meet March 1 and 2 in the State Building, San Francisco, it was announced today by State Forester De Witt Nelson. Sessions will start both days at 10 a.m.

Range improvement will be discussed the initial day and forest practices rules' administration, insect control, legislation, and related problems at the closing session.

The greatest effort in medical history is under way today to find the answers to many important questions about heart disease. You can help your heart and the hearts of your loved ones by contributing to the 1951 Heart Fund.

Quickerts Offer Chicken, Tuna Tasty Pies

Returning to Daly City with taste treats galore this week are the Quickert family.

The Quickerts, under supervision of T. Quickert and wife, have reopened a shop at 5827 Mission street . . . right next to the Del Mar Theatre.

And what are they serving? Why, the famous Quickert chicken and tuna pies. These delicious taste treats are sold almost at cost. They consist of a crispy brown pie stuffed with tender tuna or chicken.

The famous Quickert turkey pie needs no introduction to Daly City. Some four years ago the Quickerts were turning out the pies in the Daly City Theatre building site.

Strictly a family business, helping "ma" and "pa" Quickert are daughters Christine and Alice, both of whom attend Jefferson High School. Bill, the eldest son, is a graduate of Jefferson High and is mighty helpful to his father.

All those who wish to try one of the many pies, or for that matter some delicious coffee or a snack, drop into the Quickert Coffee Shop and Bakery at 5827 Mission.

And don't forget, to be sure and get your pies, call Quickerts at DE. 3-3467.

WHEN IS STATE FAIR SCHEDULED?

Directors Discuss Change In Dates

FEB. 22. (CNS)—Some pertinent questions were being asked today regarding the dates for the 1951 California State Fair.

The Board of Directors of the State Agricultural society, which fixes the dates for the ensuing year's fair almost immediately after the exhibition ends in September, chose August 30 through September 9 for the 1951 show.

But when the dates were fixed last fall, the directors apparently failed to give consideration to the fact that September 9, 1951, falls on a Sunday, and that the Admission Day holiday will be celebrated on Monday, September 10.

Weekends

As a result, if the 1951 dates are retained, and because racing dates have been fixed they probably will be, the gates will be closed and buildings will be dark on a holiday weekend. Crowds arriving Saturday for a holiday weekend will miss one whole day of entertainment.

Another result, and more important to an exhibition which costs the taxpayers a million dollars a year to operate over and above income from entry fees and concessions, will be the loss of thousands of dollars to the fair board.

Big Admission

Fair officials said that Admission Day attendance in 1950 totaled 78,402, and in 1949, 70,476, as compared to the lowest attendance record of 34,362 and 33,158 in those two years.

Yet the Admission Day attendance this year, on the final Sunday of the fair, will correspond to the low days of the previous two years.

Normally, the state fair is scheduled by directors to take in both Labor Day and Admission Day holidays. The Labor Day show usually draws the highest attendance of the fair, and is seconded by the Admission Day holiday. It infrequently happens that the board has opportunity to set fair dates to take in two three-day weekends, yet when it did have the opportunity for this year, it failed to take in consideration the final holiday show.

Attendance Up

Despite the holiday omission, State Fair Officials expect attendance at the fair this year to increase over 1950. The drop in 1950 over 1949, officials say, if the pattern of attendance over a long period of time is followed, indicates increased attendance for 1951.

On the other hand, some people feel that the rising cost of attending the state extravaganza, and the cost of concessions, which have the greatest interest for young people, will tend to drop attendance below last year's figure. In any event, the failure to take advantage of an extra holiday is bound to cause some decrease.

Capt. Charles M. Weber founded "Tuleberg," but later re-named it Stockton, to honor Commodore Robert Stockton.

Jan. Employment In State Industry Reaches Record

FEB. 22. (CNS)—With the Civil Defense program swinging into high gear, the state department of industrial relations today reported today industrial employment last month reached the highest January level in California history.

Nonfarm employment totaled 3,295,000, or 260,500 more than in the same month last year, a gain of nine per cent.

Gains in manufacturing plants were spectacular, there being 808,000 wage earners this year in comparison to 670,000 a year ago. Aircraft plants employed 120,000, up 40,000 from the preceding year.

Other heavy industries such as machinery, fabricated metal products, metal industries and electrical equipment showed gains.

Seasonal contraction in canning and lumbering industries offset the heavy industry gains, but exclusive of these seasonal industries, the heavy goods groups rose by more than 1,000 in December and January.

The civil defense programe also resulted in a huge increase in government workers. There were 550,000 employed in this field, 39,000 more than in January, 1950. Most of this gain was in federal establishments.

Construction companies were employing 33,000 more than one year ago and wage and salary workers in wholesale and retail trade numbered 785,700, a gain of 23,000 above January, 1950.

Present water utilization in the San Francisco Bay Area has been estimated at about 60,000 acre feet annually.

(Ed. Note: This is the eighth in a series of ten special articles.)

If California's rapidly-diminishing unemployment insurance reserve fund is to be saved, the 1951 state legislature must produce a correction of the "voluntary quit" racket.

Otherwise, an annual expenditure of unemployment insurance funds estimated at $25,000,000 or more, in benefit payments to "voluntary quits," will continue to deplete the fund—and hasten the day when there will be no funds for unemployment insurance payments.

To understand the remedy, it is necessary to understand the present law which permits "a quit for good cause."

Not Defined

"Good cause" is not defined in the act. Therefore, it is determined by each claims examiner for the Commission if the cause given by the claimant is good cause.

The original intent of the legislature was that good cause should relate to matters directly connected with a person's work.

For example, if a person was working where conditions affected his health because of an allergy, it would be good cause if he quit because of his health, if backed up by a physician's statement. But he should be willing to take the same kind of a job elsewhere where conditions would not be a menace.

Age Hinders

Also, an accident or advancing age might make it impossible for him to continue a particular job, although able to do other work.

Because the reasons for voluntary quits are not defined, trivial and even nonsensical reasons are given by chiselers and such reasons apparently satisfy some examiners.

But even if the examiner decides the worker did not quit for good cause, the worker is disqualified for only 5 weeks, after which he can draw unemployment insurance.

This unemployment insurance is charged to the employer's individual rserve fund and to the general fund (which the employers pay) even though the claimant is not involuntarily unemployed and is not a bonafide member of the labor market.

Good Cause

It is proposed that "good cause" be strictly limited to matters directly relating to the employee's work.

It is proposed that the applicant be disqualified for refusal to accept suitable work that he can do, even though it is not exactly what he would like.

It is proposed that the applicant be disqualified for making willful mis-statements to obtain benefits.

Instead of the disqualification period being only 5 weeks, as at present, it is proposed that the disqualification shall continue until the worker shall have earned wages in re-employment equal to at least ten times his weekly benefit, and thereafter meets with the eligibility requirements of the act.

Deny Benefits

It is proposed to deny benefits and to cancel wage credits of any person convicted by any court of competent jurisdiction of willfully making a false statement or knowingly failing to disclose a material fact in order to obtain or increase any benefit or payment under the provision of the act.

It is proposed to require cooperation by employers, which cooperation will have the effect of helping employers to protect the fund and in consequence, their own financial resources.

When a worker leaves without good cause or "voluntary quits," the employer would be required to furnish such material facts as are necessary to prove this, when requested by the Commission.

Discharged

The same would apply when a worker has been discharged or temporarily suspended for misconduct connected with his most recent work.

These changes in the law, it is believed, will largely eliminate the rackets connected with quitting a job by a work who wants a vacaor for some other spurious reason.

The other half of the "voluntary quit" situation, that is, the subterfuges used by persons who do not want to take another job, does not necessarily require legislation.

Addition of sufficient investigators to the unemployment commission personnel might be enough to cope with this racket. Then the Commission could see if the applicant really tried to get a new job or deliberately acted in such a manner he was turned down.

Changes Needed

The interests of workers and employers alike demand that the legislature make these changes.

If the balance in the unemployment reserve fund falls below a certain level, the Commission can stop all unemployment insurance payments.

This certainly is of interest to the workers.

Before the level of the fund reaches the low point where all payments are stopped, the tax on employers' payrolls certainly will be raised.

This should be of interest to employers.

Therefore, all honest workers should join with honest employers in urging their legislators, state senators and assemblymen, to enact these reform bills. Naturally, the chiselers will be against them.

Another vital corrective measure will be described in the next installment.

Polio Cases High In California

FEB. 22. (CNS)—Infantile paralysis still maintains a higher than average number of cases for this time of year in California, according to the State Department of Public Health which reported today there were 2,204 stricken with the disease in 1950, and 205 in December, closing month of the past year.

The department, at the same time, reported 45 cases for the week ending February 3, Los Angeles county being the dark spot with 21 cases. Alameda county reported 6, Solano 1, Sacramento 1, Sutter 1, Fresno 1, Kern 1, Tulare 2, San Bernardino 2, Imperial 2, and San Diego 6. One case reported was not charged to any area supervised by the department.

The five-year average for December in California is 79 cases and in the same month in 1949 a total of 153 cases was reported. While the 1950 December total was higher, it was under that of December, 1948, when 539 were stricken.

Medical experts believe the chief cause for the increase is the expansion of California population but the reason for its spread in winter months when it should be more or less dormant still remains a mystery to health experts.

Unemployment Here Down Over Last Year

FEB. 22. (CNS) — Unemployment insurance payments in California dropped slightly for the week ending Feb. 1, over the previous week, the State Department of Employment reported today.

In the South San Francisco office of the department, 385 claims for insurance were filed, and 296 were paid, the Department's report indicated.

A total of 161,336 persons claimed insurance in all the offices, and 120,847 were paid, as compared to 165,937 claimants the previous week and 123,315 recipients.

Nearly 10,000,000 Americans have some form of heart or blood vessel disease. Help check premature heart deaths and cardiac disability by giving what you can to the 1951 Heart Fund.

The San Simeon-Carmel section of State Highway No. 1 was opened to travel in 1937.

Roof Fires Drop From 2nd to 10th

Statistics compiled by the National Fire Protection Association show an encouraging decline in the incidence of roof fires throughout the nation. No so long ago, fires originating in the roofs of homes and other structures ranked second among the principal causes of fire. But now, reports Percy Bugbee, head of the NFPA, roof fires have dropped to tenth on the list.

Mr. Bugbee attributes this decline in part to enforcement of building codes in 600-odd cities prohibiting flammable roofing. In addition, practically all new buildings have roofs of fire resistant materials such as asphalt shingles, also generally used for re-roofing of homes and farm buildings.

OVERCOME BY FATIGUE, MARINES SLEEP IN THE SNOW—When U. N. forces, withdrawing from northeast Korea were halted on an icy trail in subzero temperatures by a Red Chinese roadblock many of the men sank down in their tracks and slept until the weary march was resumed. Plucky Americans refused to call this a retreat, but fighting in another direction, and carried their dead and wounded.

How much is a healthy heart worth to you? Give that sum, or as much of it as you can, to the 1951 Heart Fund to help fight heart disease.

The southernmost stand of redwood trees is in San Luis Obispo County, near Salmon Creek.

MR. D.A.'s CRIME CALENDAR

FEBRUARY Is the Month for . . .

EMBEZZLING: Coming at it does at the heel of the winter, February is the month for the amateur criminal. You'll hear about the honest little men with horned rim specs, the loyal employees of long years standing. Suddenly they dig down into the firm's coffers and take off with a big haul. Most of them are people who have never before done wrong. There are several reasons to explain this sudden succumbing to temptation. We'll advance one: the easy money provides a nice trip to Florida. The return trip isn't so nice.

CROOKED WHEELS: Winter cruises are in season right now. The cruising cardsharp who strikes up a shipboard friendship to fleece you at cards has been pretty well ticketed by the movies and the steamship line people. Even so, canasta could still lead to disaster. But the real bait you'll nibble at is the gambling joints at your island paradise destination. I know a croupier at one of the winter wonderlands—if you're a pal he'll let you win back whatever your vacation cost; if you're a stranger better sew that return fare to your lining!

NARCOTICS: The dope bug has successfully bitten our teen-age problem children. The authorities have already begun wholesale drives to stamp out the source. Don't be surprised at the appalling stories you'll read this month, of what vicious dope rings are doing to our youngsters.

Watch For "Mr. D.A.'s" Calendar For Crime in March!
Mr. District Attorney heard Wednesdays on NBC

NEWS IN PARAGRAPHS

Air mail for United Nations soldiers from 16 countries pours into Korean U. S. Army Post Offices at the rate of about 11 tons per day.

Some 500,000 pounds of Christmas gifts from various U. S. civic groups arrived in the Far East Command in time for pre-holiday distribution.

About $3,000 has been donated by U. S. Army chapels in the Tokyo area and chapels on Okinawa for the benefit of Korean orphans.

From early July to mid-December more than 10,000 donors visited Tokyo's American Red Cross blood bank and donated blood.

Soldier operators for one battalion of the U. S. Army 25th Infantry Division have furnished uninterrupted telephone-time service since arriving in Korea.

South African Air Force pilots flew their first combat sorties over Korea in support of United Nations forces in late November.

The first Turkish soldiers to die in U. S. Army hospitals from combat wounds were buried with full United Nations honors in Tokyo on Dec. 12.

U. S. Army 21st Infantry Regiment soldiers donated $500 for a Christmas party for Japanese orphans at Kumamoto, the unit's station before Korea.

Three tons of Christmas gifts from dependent wives in Japan were flown to Korea for men of the U. S. Army 24th Infantry Division.

Americans of 60 ancestral backgrounds, including Eskimo, are fighting in Korea with the U. S. Army 25th Infantry Division.

Your contribution to the 1951 Heart Fund is not a gift, not a tax, but an investment in research, with an expected return in knowledge of the cases and prevention of heart disease. Won't you give generously today?
